FOREWORD**

Section 1 Intent of Handbook (this is what is referred to as a contract disclaimer)

Welcome to Sutton Public Schools. This handbook is intended to be used by teachers and other certificated staff to provide general information about Sutton and to serve as a guide to the District's policies, rules, and regulations, benefits of employment, and performance expectations.

References in this handbook to "teachers" are intended to apply to all certificated staff. This includes administrative staff to the extent the handbook deals with professional expectations and conduct.

Each teacher is responsible for becoming familiar with the handbook and knowing the information contained in it. Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise. This handbook is intended to supplement other documents that deal with your employment, including your employment contract, the negotiated agreement between the Sutton Public Schools and the Sutton Education Association, and the policies and regulations of the Board of Education. In reading this handbook, please understand that where a direct conflict exists, state or federal law, the negotiated agreement, and Board policies and regulations will control.

This handbook does not create a "contract" of employment. Staff positions and assignments which do not legally require a certificate or are otherwise not protected by the teacher tenure laws may be ended or changed on an "at will" basis notwithstanding anything in this handbook or any other publication or statement, except for a contract approved by the Board of Education.

The administration will be responsible for interpreting the rules contained in the handbook and shall have the right to make decisions and make rule revisions at any time. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon applicable school district policies, state and federal statutes and regulations, and the best interests of the District.

This handbook will be in effect for the 2021-2022 and subsequent school years unless replaced by a later edition.

Section 2 Severe Weather and School Cancellations

The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly television station KHAS (Channel 5), KLKN Channel 8, KOLN/KGIN channel 10/11 and www.cancellations.com. Utilization of the county emergency management system called Code Red will occur when determined. Code Red is a mass communication system.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. If possible, a decision about the next school day will be made by 9 P.M. for announcements during the 10 P.M. news. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 A.M. if possible). In any case, an announcement will be made to the news media when schools will be closed. In some instances, schools will be open, but certain services may be cancelled. Some staff may be designated as being required to come to school even in the event of a school closing.

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given. If school is closed during the day staff will be notified and parents will be notified via media broadcast. Teachers will be responsible for remaining with students until all students have safely left school or the administration has made arrangements for remaining students.

Parent Decisions. Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. You should treat the absence like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather (except in case of a tornado) at any time during the school day. Students will not normally be dismissed from school on the basis of a telephone request.

Emergency Conditions. Sutton Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response. **School officials are not permitted to release students from the school building during a tornado warning.** In the event of an emergency exit alert of tornado warning, you should implement the school's established procedures. Emergency plans are posted in every room in the school.

Section 3 Contract Days

Teachers are contracted for 185 days (hereinafter referred to as the "contract year"). Such contract days shall be serviced by individual teachers on varying schedules as established by the Board of Education and administration.

Section 4 Make-up Days

In the event teachers are not required to report for duty due to inclement weather conditions or other circumstance where by a day is canceled, such days shall not be credited as a contract day served. Make-up days may be scheduled by the administration during the contract year as needed to allow all teaching staff to serve the full number of contract days. Unless the superintendent directs otherwise, the following personnel shall report to work when school is canceled because of inclement weather: the superintendent, principals, secretaries, and custodians/maintenance staff.

If school is canceled during the day because of inclement weather, classified and certified personnel not listed above may be released after students have been excused. Classified and certified personnel who miss work due to inclement weather when school is in session will not be paid for time missed or will be charged an applicable leave day.

ARTICLE 2- EMPLOYMENT, COMPENSATION, & BENEFITS

Section 1 Employment

A teacher is employed by Sutton Public Schools when the teacher signs the Teacher's Contract and the Board of Education approves such contract of employment. The teacher's employment continues absent action by the administration or the Board of Education to non-renew, terminate, amend or cancel the teacher's employment contract with the school district, or action by the Board of Education to accept a resignation of employment.

On or after March 15 of each school year a teacher may be requested to accept employment for the next school year and shall be required to signify such acceptance as may be designated in the notice. It is important for teachers to respond to the request to signify acceptance as a failure to signify acceptance of employment by the designated date shall constitute cause for amendment or termination of the teacher's contract. A teacher signifies acceptance of employment for the next school year when the teacher signs the Teacher's Contract or a "Contract Renewal Agreement."

Should a teacher wish to resign from employment the teacher should give written notice of resignation to the Superintendent. The request to resign will be acted upon by the Board of Education. Mid-year resignations and resignations given late, after the "Teacher's Contract" or a "Contract Renewal Agreement" is signed for the following school year can present significant planning problems for the District. If a mid-year resignation is submitted, or a resignation for the following school year is submitted after the teacher has signified acceptance of employment for the next school year, the Board of Education may act to not accept the resignation unless a suitable replacement can be found. The District will enforce the continuing contract of teachers accepting employment for the next school year under the provisions of Neb Rev. Stat. §79-820.

Certificated staff members who know they will not be returning to employment at the school district for the following school year are encouraged to submit their resignations as early as possible, to enable the board to find suitable replacements.

Staff members who submit their resignations to the board of education by April 15th will be released from the next school year's contract so long as the board is able to obtain the services of a suitable replacement. Staff members who refuse to fulfill their contractual obligations will be reported to the Professional Practices Committee of the Nebraska Department of Education.

Section 2 Assignments

The professional duties to be performed by a teacher with the District shall be subject to assignment by the Superintendent of the District with the approval of the Board of Education. A teacher will be expected to devote full time during days of school to the teacher's position and to diligently and faithfully perform the assigned duties to the best of the teacher's professional ability. Job descriptions, where available, provide additional information about the position duties.

In addition to the normal duties traditionally required of teachers, a teacher may be assigned such “extra duty” assignments to support the extra-curricular programs of the District, which shall be upon such terms and conditions and at such additional rate of compensation as the Teacher and the District may agree upon or as set forth in the negotiated agreement. The extra-curricular program of the school district is an integral part of the overall educational program of the school district. As such, a teacher shall not unreasonably refuse to accept such extra-duty assignments. In addition, performance in an extra duty assignment is a part of the evaluation of the teacher’s overall performance to the District.

Section 3 Personnel File

The District will follow the requirements of state and federal law and regulation with regard to a teacher’s personnel file, including but not limited to Neb. Rev. Stat. § 79-8,109. The district shall maintain a personnel file regarding each employee. All materials in a personnel file, except for employment references and information that was gathered in the process of assessing an applicant for hiring, shall be available to the employee for review within a reasonable period of time of the employee’s request. Employees (or individuals to whom employees have given written authorization) may inspect the contents of their personnel files only in the presence of an administrator or a person designated by the administration.

An employee may respond to any document(s) in his or her personnel file by submitting a written response to the person responsible for keeping the file, who shall attach the response to file copies of the disputed document.

No person other than school officials engaged in their professional duties shall be granted access to employees’ personnel files, and the contents of such files shall not be divulged in any manner to any unauthorized person. An attorney acting on behalf of the board of education or administration is deemed to be a school official.

Section 4 Grievances and Complaints

Teacher grievances regarding wages, hours, and conditions of employment shall be governed by the grievance or complaint procedure in this handbook. All other employment related grievances or complaints shall be addressed through the administrative chain of command following the process set forth in board policy, 4013.

Section 5 Compensation

Regular Salary and Extra-Duty Compensation. Compensation is paid only as authorized by the Board of Education. Teachers are paid a salary based on placement on the salary schedule set forth in the collectively bargained negotiated agreement between the District and the collective bargaining agent for the certificated teaching staff (referred to in this handbook as the “negotiated agreement”), and the extra-duty salary schedule also incorporated into the negotiated agreement.

Changes in Salary Schedule Placement. Changes in a teacher’s placement on the salary schedule shall be governed by the provisions of the negotiated agreement. Teachers are expected to provide the Superintendent with a transcript for all graduate hours earned for purposes of advancement on the salary schedule on or before September 1 of the school year in which such hours are to be credited for the teacher’s placement on the salary schedule. Failure to timely provide an official transcript from the post-graduate institution of the graduate hours earned will result in a loss of such credit for such school year.

Salary Payments. Salary is payable over twelve equal installments. Teachers will be paid on the 15th of the month, or the last preceding school day, if the 15th falls on a vacation or week-end day. In emergency cases exceptions may be made, subject to the approval of the Board or Superintendent. Upon separation of a teacher's employment, or upon fulfillment of the contract, the teacher may, at the option of the Board, be paid all salary due in one lump sum.

Additional compensation over and above regular compensation, extra-duty pay and supplemental pay shall be disbursed as it is earned and deductions from compensation due to unpaid leave shall be taken out as they are reported to the payroll office. Reimbursements for mileage or other expenses will be considered separate from compensation.

Section 6 Extended Contract Pay

Extended contract for any teacher beyond the number of contract days established by the Board of Education for the school year shall be paid on a per diem basis for such teacher's extended time.

Section 7 Benefits

Teachers are provided benefits in accordance with the negotiated agreement, group health insurance plan requirements, and the school district's Section 125 Plan document. Teachers shall make annual fringe benefit elections by September 1 of each school year. Should a teacher fail to make such election, the teacher election from the immediately preceding school and contract year shall be continued. Each teacher is responsible for informing the Office of the Superintendent in writing of any changes in benefit status.

Continued health insurance benefits are available through COBRA subject to certain qualifying requirements. A Notice of COBRA Continuation Coverage Rights is attached to this handbook as Appendix "A." The Health Insurance Portability and Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans. HIPAA includes protections for coverage under group health plans that limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; and allow a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available, and have exhausted COBRA or other continuation coverage. Further information may be obtained from the Plan Administrator of the group health plan.

Section 8 Payroll and Payroll Deductions

Salary and benefits are paid in accordance with the individual employment contracts and negotiated agreement. Payroll deductions shall be made in accordance with law and the negotiated agreement.

Section 9 Expense Reimbursement

Reimbursement for authorized mileage will be paid to teachers required to drive their own vehicles during their regular scheduled working hours between two or more work sites. Claims for reimbursement should be submitted to the Superintendent. The allowable rate shall be governed by negotiated agreement, unless otherwise required by law. The District is not liable for physical damage to employee vehicles. Materials necessary for instruction are provided by the District. If teachers need additional materials for instruction or school-related purposes, the request should be made to the Principal.

Reimbursement for purchase of materials or for meals or other expenses related to travel must be submitted to and approved by the Superintendent. The request for reimbursement should include receipt or a voucher sufficient to establish that the expense was actually incurred and that the expense was reasonable and related to a school-purpose. Expense claim forms are available at the Superintendent's office. Teachers shall obtain written approval from the Superintendent for anticipated expenses for which the teacher will incur for a professional activity and for which the teacher wishes to be paid by the school district.

Section 10 403(b) Salary Reduction Agreements

The District will cooperate with any teacher who chooses to participate in an investment program under an Internal Revenue Code Section 403(b) provided that the certificated employee executes a "Salary Reduction Agreement" provided by the District. As of 2009-10 all accounts will be managed by Waddell and Reed.

Section 11 Overtime

Teaching professionals are classified as exempt from overtime under the Fair Labor Standards Act (FLSA). The overtime exemption for teaching professionals is not dependent on whether the employee is paid on a "salary basis." Exempt employees are not eligible for overtime or compensatory time. A publication provided by the federal government which provides more information about the FLSA is attached as Appendix "A" to this handbook.

Any non-exempt employees must receive prior approval from their supervisor to work additional hours beyond their regular work schedule. Non-exempt employees must be paid for each hour worked in excess of 40 hours in a work week. The regular work week is from 12:00 a.m. on Monday through 11:59 p.m. on Sunday. The administration may establish a different 7-day period workweek from time to time for specified employees or employee groups.

Overtime pay for non-exempt employees will be paid at the rate of not less than 1½ times the employee's regular rate of pay for hours worked in excess of the 40 hour work week. Employees with two or more non-exempt positions may be eligible for overtime pay based upon the total number of hours worked in one work week. If applicable, the employee and the Superintendent will agree upon the overtime rate, in compliance with FLSA regulations. A non-exempt employee may request compensatory time in lieu of overtime pay, with approval of the employer, with the rate figured as 1½ times the number of hours worked in excess of 40 hours in any work week. Compensatory time may be accumulated up to 40 hours upon approval by their supervisor. Any accumulation of compensatory time over 40 hours must be approved by the Superintendent. The FLSA limits the accumulation of compensatory time to 240 hours.

The District's policy is to not permit improper deductions from the salary of exempt employees who are required to meet a "salaried basis" test for the exemption to be applicable. (Teaching professionals are not subject to the "salaried basis" test). An employee who feels an improper deduction affecting exemption status has occurred may submit a complaint to the Superintendent or the Superintendent's designee, who shall promptly investigate the complaint. Reimbursement shall be made and a good faith commitment to

comply in the future will be given in the event it is determined that an improper deduction affecting overtime exemption has been made.

The District's policy is to authorize unpaid disciplinary suspensions of a full day or more for infractions of workplace conduct rules and to apply such policy uniformly to all similarly situated employees, including exempt employees who are required to meet a "salaried basis" test for the exemption to be applicable. Unpaid disciplinary suspensions of a partial day or of a full day or more may be implemented for infractions of safety rules of major significance.

Deductions of pay of a partial day or of a full day or more may be made for FMLA leaves and in the first and last weeks of employment. In addition, based on principles of public accountancy, deductions from pay of a partial day or of a full day or more will be made for absences for illness, injury or personal reasons when accrued leave is not used or not available, and for absences due to any budget-required furlough.

Section 12 Reduction In Force

The board of education may determine that a reduction in force of certificated staff members is appropriate due to declining enrollment in a grade or grades, changes in financial support, changes in curricular programs, a decline in the taxable value of property located within the school district, increased costs of operating the school district, or another change or changes in circumstances. If the board, in its sole discretion, determines that a reduction of certificated staff is necessary, the superintendent shall notify those employees whose contracts may be reduced. However, the employment of a permanent employee may not be terminated through a reduction in force while a probationary employee is retained to render a service that the permanent employee is qualified to perform by reason of certification and endorsement, or when certification is not applicable, by reason of college credits in the teaching area.

1. **Definition of Reduction in Force.** A reduction in force shall consist of a reduction of one or more positions or a reduction in the percentage of employment of one or more certificated staff members, even if the number or percentage of employment of the certificated staff overall may be increased by other hirings or increases in the percentage of employment of other employees. Reduction in force may result in the termination of employment or an amendment to an employee's contract reducing the extent of the employee's employment.
2. **Restriction of Right to Administrative Position.** Due to the confidential and unique personal working relationship necessary between the administration and the board of education, a certificated employee who is not currently serving in a predominantly administrative capacity shall have no rights under this policy to any administrative position within the school system.
3. **Criteria for Reduction in Force.** The criteria set forth below shall be considered in selecting the personnel to be reduced. The criteria are not listed in any order of priority, and shall be given the weight that the board considers appropriate.
 - a. Programs to be offered;
 - b. Areas of endorsement that are of present or future value to the district. This criterion shall be based upon the endorsement(s) shown on each teacher's Nebraska Teaching Certificate;
 - c. State and federal laws or regulations that may mandate certain employment practices;
 - d. Involvement in the programs and activities sponsored by the school district;

- e. Special or advanced training consisting of college credit or other training that would be of present or future value to the district;
- f. The organizational and educational effect caused by multiple part-time certificated employees;
- g. Formal and informal evaluation of staff performance by supervising administrators and if evaluations will be used as a criterion for a given reduction-in-force, the evaluation procedures shall be those adopted by board policy in effect at the time of the reduction and the evaluation forms shall be those on file with the Nebraska Department of Education for the district;
- h. Any other reasons that are rationally related to the instruction in or administration of the school district.

4. **Consideration of Uninterrupted Service.** If, after consideration of the criteria listed above, it is the opinion of the superintendent that there is no significant difference between or among certificated employees being considered for reduction, the employee(s) with the longest uninterrupted service to the district shall be retained.

- a. Uninterrupted length of service is defined as the number of continuous full-time equivalent years of employment in the district as a teacher.
- b. A full-time equivalent year is defined as employment on a full-time basis for an entire school year.
- c. Less than full-time employment reduces the teacher's full-time equivalent employment for a school year. For example, a teacher employed on a half-time basis would be credited with half a year full-time equivalent employment.
- d. A break in service will terminate a teacher's seniority and length of service under this provision. That period of time when a teacher is on a leave of absence shall not constitute a break in service; however, any years of absences or fractions of years of leave of absence will not count as years of employment for the purposes of determining the length of a teacher's uninterrupted service.

5. **Rights of Recall.**

- a. Any certificated employee whose contract has been terminated shall be considered to have been dismissed with honor and shall, upon request, be provided a letter to that effect.
- b. Such employee shall have preferred rights to re-employment for a period of 24 months commencing at the end of the contract year, and the employee shall be recalled on the basis of length of service to the district to any position that he or she is qualified to teach by endorsement or college preparation.
- c. Upon re-employment, a recalled employee shall be placed on the salary schedule and provided fringe benefits based on existing district policies and the current negotiated agreement. Any year of years of absence from employment shall not be considered as a year or years of employment by the district.
- d. An employee under contract to another education institution may waive recall, but such waiver shall not deprive the employee of his or her right to subsequent recall.

6. **Current Teaching Certificate.**
 - a. Upon initial employment with the district, each certificated employee shall file a copy of his or her teaching certificate, including endorsements with the superintendent of schools.
 - b. The employee shall be responsible for filing any changes in certification or endorsements with the superintendent.

7. **Address Records.**
 - a. A certificated employee whose employment contract has been terminated because of a reduction in force shall, during the period which he or she is eligible for recall, be responsible for reporting any change of address to the superintendent of schools.
 - b. If there is a vacancy to which a former employee has a right of recall, the district may communicate an offer of re-employment by telephone, by e-mail, or by United States mail sent to the former employee's last known address. If the school district does not receive written acceptance of the offer within seven days, the former employee shall be deemed to have waived his or her rights to be recalled to the employment position.

Article 3 – ABSENCES FROM WORK

Section 1 Paid Leave - Sick and Personal Leaves

Teachers are provided with paid sick and personal leaves (professional leaves, bereavement leaves, etc.) in accordance with the negotiated agreement. During such paid leaves, teachers shall continue to receive all salary and fringe benefits called for by the negotiated agreement.

The leaves provided by the District are to be used for the purpose intended. Abuse of leave privileges affects the students, other staff, and the entire District and will not be tolerated.

Requests for Leave

Advance reporting of the need to take a leave and having effective lesson plans and materials prepared and readily available for the substitute are important.

A teacher who becomes ill and is unable to work is to contact the building principal before 6:30 A.M. Before the end of the school day on the first day of the sick leave, and on each subsequent day of absence, a report should be made to the Principal as to whether the teacher will be able to return to duty on the next duty day. This notice should be provided no later than 3 P.M. each day. For illnesses or medical situations where the need for the leave can be determined in advance, the teacher is to make such advance report of need for leave as possible.

For personal and other leaves, a Request for Leave form is to be submitted to the Principal at least five school days prior to the leave, or such other advance notice as is practicable under the circumstances.

Return from Leave

Upon return from leave, teachers are to review information supplied by the substitute teacher as to progress made in the class and any student behavior concerns. The substitute should be contacted

directly if the written information supplied is not adequate. A teacher who is absent for any period of time because of injury requiring care from a physician or health care provider, or for a period of one week or more due to illness, may be required to present a written statement to the Principal from the teacher's physician or health care provider stating that the teacher is physically able to return to duty. If requested, this statement is to be presented in person before the teacher returns to duty in order that the present stage of convalescence can be observed and discussed.

Section 2 Payroll Deductions for Absences in Excess of Paid Leave

Should a teacher be absent from work in excess of the teacher's accumulated sick leave or other paid leaves called for in the negotiated agreement, the teacher's salary and fringe benefits (including the cost of premiums for group health insurance) shall be reduced by the day or days of work missed on a per diem basis calculated using the number of days missed as the numerator, and the number of total contract days for the school years as the denominator; e.g. one day missed = 185th of total salary and fringe benefits.

Section 3 Long Term Personal Leave

A teacher may apply to the Board of Education for a long term personal leave from the teacher's duties. The Board of Education will consider such requests on a case-by-case basis. No leave of absence shall extend beyond one school year. All long term personal leave shall be without pay except for the payment of health insurance benefits as may be required under applicable state or federal laws.

Section 4 Duty/Service as Witness in Court

An employee who has been called to serve as a juror will be granted paid leave. Employees must sign over to the district the compensation they receive for jury duty, but not compensation for expenses.

An employee who has been subpoenaed to testify as a witness in a court proceeding shall be entitled to one day of paid leave. To receive paid leave, the employee must sign over to the district his or her witness fee.

If a teacher, upon reporting for jury duty in the morning, is dismissed from jury duty for the remainder of the day, the teacher is to report for duty and resume duties for the balance of the day. When a teacher is entirely dismissed from jury duty, the teacher is directed to report for duty and the substitute will be dismissed.

Teachers are expected to promptly notify the Principal of any other form of legal summons which may require an absence from duty. In the event the summons involves a school-related matter, the matter shall be treated similar to a jury duty absence. In the event the summons involves a personal matter, the teacher will be required to use available personal leave days or pay dock days.

Section 5 Family Medical and Military Leave

The school district shall provide leave to its employees in accordance with the Family and Medical Leave Act ("FMLA"). The terms used herein shall have the meaning ascribed to them under the FMLA. Employees may also qualify for leave under the Nebraska Family Military Leave Act, which is covered under the district's policy for that law. If an employee qualifies for leave under both the Family and Medical Leave Act and the Nebraska Military Leave Act, any leave taken by the employee will count concurrently toward the leave limits of both acts.

I. Qualifying for Leave

A. Qualified Employees

1. To be eligible for **unpaid** leave under this policy, an employee must:
 - a. Make the request for leave at a time when the school district employs 50 or more workers;
 - b. Have been working for the school district for at least 12 months prior to the request; and
 - c. Have worked a minimum of 1,250 hours during the 12-month period immediately preceding the commencement of the leave.
2. The applicable 12-month period for computing an employee's entitlement to FMLA leave shall be the 12-month period measured forward from the date such employee's first FMLA leave begins.
3. Employees ineligible for FMLA leave for any reason may be eligible for leave under the Nebraska Family Military Leave Act and should consult policy 4011.1.

B. Qualified Circumstances Necessitating Leave

1. The school district will grant an eligible employee up to a total of 12 workweeks of **unpaid** leave under the following conditions:
 - a. For birth of a son or daughter, and to care for the newborn child;
 - b. For placement of a son or daughter with the employee for adoption or foster care;
 - c. To care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. Because of a serious health condition that makes the employee unable to perform the functions of his or her job;
 - e. Because of any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation; or
2. The school district will grant an eligible employee who is the spouse, son, daughter, parent or next of kin of a Covered Servicemember a total of 26 workweeks of **unpaid** leave during a 12-month period to care for the service member as permitted under the FMLA. The leave described in this paragraph shall only be available during a single 12-month period. For purposes of this provision and this policy, "Covered Servicemember" includes both Military Members and covered Veterans, so long as the covered Veteran was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran.
3. During the single 12-month period described in paragraph I(B)(2), an eligible employee shall be entitled to a combined total of 26 workweeks of leave under paragraphs I(B)(1) and I(B)(2). Nothing in this paragraph shall limit the availability of leave under paragraph I(B)(1) during any other 12-month period.

C. Limitations on Leave

1. Leave for birth or placement for adoption or foster care must conclude within 12 months of the birth or placement.
2. In any case in which a husband and wife both employed by the school district are entitled to FMLA leave:
 - a. The aggregate number of workweeks of FMLA leave to which both are entitled is limited to 12 during any 12-month period if such leave is taken (i) because of the birth of a son or daughter of the employee and in order to care for such son or daughter; (ii) because of the placement of a son or daughter with the employee for adoption or foster care; or (iii) to care for a sick parent who has a serious health condition; and
 - b. The aggregate number of workweeks of FMLA leave to which both that husband and wife are entitled is limited to 26 during the single 12-month period in which leave is taken to care for a Covered Servicemember and the husband and wife employees are both either the son, daughter, parent, or next of kin of such Covered Servicemember, if the leave is taken for this reason or a combination of this reason and one of the three reasons described in paragraph I(C)(2)(a). If the leave taken by the husband and wife includes leave described in paragraph I(C)(2)(a), the limitation in paragraph I(C)(2)(a) shall apply to the leave described in I(C)(2)(a).

D. Qualifying Notice and Certification

Employees seeking to use FMLA leave will be required to provide:

1. 30-day advance notice when the need to take the leave is foreseeable; provided, if (a) the leave is for needed treatment which is required to begin in less than thirty days or (b) the leave is for the reason set forth in paragraph I(B)(1)(e), the employee shall provide such notice to the school district as is reasonable and practical;
2. Medical certification supporting the need for leave due to a Serious Health Condition affecting the employee or family member or to care for a Military Member, and/or due to a Serious Injury or Illness to care for a Veteran;
3. Second or third medical opinions and periodic re-certifications (at the school district's expense);
4. Certification supporting the need for leave because of a qualifying exigency arising out of the fact that the employee's spouse, son, daughter or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in the National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation;

5. Certification supporting the need for leave to care for a Veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran, and who is undergoing medical treatment, recuperation, or therapy for a Serious Injury or Illness; and
6. Periodic reports during leave, at a frequency reasonably requested by the superintendent, regarding the employee's status and intent to return to work.

E. Scheduling Leave

When leave is needed to care for a family member, for the employee's own illness, or to care for a Covered Servicemember, and such leave is foreseeable based on planned medical treatment, the employee must attempt to schedule treatment so as not to unduly disrupt the school district's operations.

II. Relationship with District During Leave

A. Leave to Be Unpaid

All leave provided to employees under the provisions of the FMLA and this policy shall be unpaid leave.

B. Substitution of Paid Leave

1. The school district requires employees to substitute any accrued paid vacation leave, paid personal leave, paid family leave, paid medical leave or paid sick leave for FMLA leave. However, nothing in this policy shall require the school district to provide paid sick or medical leave in any situation in which the school district would not normally provide such paid leave.
2. If an employee uses paid leave under circumstances which do not qualify as FMLA leave, the leave will not count against the number of workweeks of FMLA leave to which the employee is entitled.
3. Any paid leave which is substituted for FMLA leave will be subtracted from the number of workweeks of unpaid leave provided by the FMLA and this policy.

C. Group Health Plan Benefits

1. The school district will continue group health plan benefits on the same basis as coverage would have been provided if the employee had been continuously employed during the FMLA leave period.
2. Any share of health plan premiums which have been paid by the employee prior to FMLA leave must continue to be paid by the employee during the FMLA leave period.

D. Intermittent or Reduced-Schedule Leave

1. Leave may be taken under this policy intermittently or on a reduced-leave schedule under certain circumstances.

- a. When leave is taken because of a birth or because of a placement of a child for adoption or foster care, an eligible employee may take leave intermittently or on a reduced-leave schedule only with the agreement of the school district. In such a case, the superintendent shall have the authority to approve or disapprove such intermittent or reduced leave schedule, in the superintendent's sole discretion.
 - b. When leave is taken to care for a sick family member, for an employee's own serious health condition, or to care for a covered Veteran or Military Member, an eligible employee may take leave intermittently or on a reduced-leave schedule when medically necessary.
 - c. When leave is taken by an eligible employee because of any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation, the employee may take leave intermittently or on a reduced-leave schedule.
 - d. When leave is taken by an eligible employee to care for a Covered Servicemember, including a Veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran, and who is undergoing medical treatment, recuperation, or therapy for a Serious Injury or Illness
 - e. Intermittent or reduced leave shall not result in a reduction in the employee's total amount of leave beyond the amount of leave actually taken.
 - f. When an instructional employee seeks to take intermittent leave in connection with a family or personal illness (e.g. physical therapy or periodic care for a sick relative) or to care for a covered Veteran or Military Member, and when such leave would constitute at least 20 percent of the total number of working days in the period during which the leave would extend, the school district may require the employee to elect to take leave in a block, instead of intermittently, for the entire period or to transfer to an available alternative position within the school system that is equivalent in pay, for which the employee is qualified, and which better accommodates the intermittent leave.
2. If an eligible employee requests intermittent leave or leave on a reduced-leave schedule that is foreseeable based on planned medical treatment,

including during a period of recovery from a serious health condition, the school district may require the employee to transfer temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position. Such alternative position must have equivalent pay and benefits as the employee's permanent position.

3. Leave taken on an intermittent or reduced-schedule basis will be tracked hourly.

III. Return from Leave

A. Restoration to Position

1. On return from FMLA leave, an employee is entitled to be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.
2. Any leave taken under this policy will not result in the loss of any employment benefits accrued prior to the date on which the leave commenced.
3. An eligible employee is not entitled to accrual of any seniority or employment benefits during any period of leave, or any right, benefit, or position of employment other than to which the employee would have been entitled had the employee not taken leave.

B. Denial of Restoration

1. The school district reserves the right to deny restoration to any eligible employee who is a "key employee" (that is an employee who is salaried and among the highest paid 10% of the employees of the school district) if such denial is necessary to prevent substantial and grievous economic injury to the operations of the school district.
2. If the school district intends to deny restoration to such an employee, it will:
 - a. notify the employee of his/her status as a "key employee" in response to the employee's notice of intent to take FMLA leave;
 - b. notify the employee as soon as the school district decides it will deny job restoration and explain the reasons for this decision;
 - c. offer the employee a reasonable opportunity to return to work from FMLA leave after giving this notice; and
 - d. make a final determination as to whether reinstatement will be denied at the end of the leave period if the employee then requests restoration.

C. Failure to Return from Leave

- a. If an employee fails to return from FMLA leave after the period of leave to which the employee is entitled has expired, the employee shall reimburse the district for any premiums the employer paid for maintaining health insurance coverage for the employee during the employee's FMLA leave unless the reason the

employee does not return is due to: (1) the continuation, recurrence, or onset of the serious health condition which entitled the employee to FMLA leave and the employee provides the district with sufficient certification from the proper health care provider of such continuation, recurrence, or onset of the serious health condition or (2) other circumstances beyond the employee's control.

IV. Notice to Employees

- A.** The school district will post in conspicuous places where employees are employed notices explaining the FMLA and providing information concerning the procedures for filing complaints of FMLA violations with the U.S. Wage and Hour Division.
- B.** When an employee provides notice of the need for FMLA leave, the school district shall provide the employee with a copy of the "section 301(c) notice" which is attached to this policy.
- C.** To the extent that any provision in this policy is in any manner inconsistent with the provisions of the Act or the regulations promulgated thereunder, the Act and regulations shall prevail over the provisions of this policy. The school district reserves the right to modify this policy from time to time in its sole discretion.
- D.** Employees may direct any questions or concerns regarding FMLA leave to the superintendent.

The Family and Medical Leave Act (FMLA) provides for 12 weeks of job-protected unpaid leave in a 12-month period to eligible employees in specified circumstances. A publication provided by the federal government which provides more information about FMLA leaves is attached as Appendix "C" to this handbook. Some specifics regarding FMLA leave at Sutton:

- a. The plan year for FMLA is a rolling year. A rolling year is a 12-month period measured backward from the date an employee last used any FMLA leave.
- b. Employees will be required to substitute remaining applicable paid leave prior to using unpaid leave. In other words, the total of job-protected paid and unpaid leave is 12 weeks.

If you need to take an FMLA leave, or have any questions regarding an FMLA leave, you should contact the Superintendent.

Article 4 – DUTIES AND RESPONSIBILITIES

Section 1 Teachers' Rights, Responsibilities and Duties

All certificated employees shall assume the duties and responsibilities assigned by the superintendent or designee. Teachers' professional responsibilities involve considerably more than merely classroom instruction. They include, but are not limited to, study and research to keep abreast of new knowledge and instructional techniques; assessment of students' work; record-keeping; lesson planning and preparation; conferences with students, parents and administrators; in-service meetings; and supervision of pupils outside the classroom.

Teachers must be in their classrooms or assigned areas as instructed by the building principal. All duty time is necessary for educational planning, preparation, and conferences with students, parents and faculty members.

All teachers must maintain a standard of dress, personal appearance, general decorum, moral standards and behavior that reflects their professional status in the community.

Section 2 Hours of Work & Meetings

Regular, dependable attendance at work is an essential function of a teacher's employment position.

The Board of Education recognizes that teachers' responsibilities to their students and their profession generally involve the performance of duties and the commitment of time beyond the normal working day, but also recognizes that teachers and other educational professionals are entitled to regular time and work schedules on which they can rely in the ordinary course of events and which will be fairly and evenly maintained to the extent possible throughout the school system.

The elementary and secondary have differing starting and ending times for the student day. Certificated employees assigned to a building are to spend seven hours and 35 minutes on site, excluding lunch break (30-minute lunch). The Principal will determine the length of time prior to and after the student class schedule for staff to be on-site in order to meet the required seven hours and 35 minutes. Staff may leave the building earlier when approved by the building principal.

Certificated employees are required to serve on playground, lunchroom and hall supervision as designated by the Principal. The Principal will attempt to make an equitable distribution of such assignments and professional staff shall assume such duties as part of their work and agreement of employment.

Teachers shall attend meetings called by the Superintendent of Schools, principals, department heads and team leaders, except those meetings, which are designated for optional attendance.

Section 3 Arrival to Duty Assignments

Full-time teachers have a designated on-site workday of 7 hours 35 minutes. Teachers are to be in the building by no later than 5 minutes prior to assigned time, and to remain on duty until assigned (if requested by administration for a meeting and etc.). Teachers and other certificated employees who are part-time or work on adjusted schedules are to be in the building at least 30 minutes before their class or assigned duty begins, and to be in their classroom or assigned duty area at least 10 minutes before their class or assignment begins. During the school day, teachers are to be in their assigned classroom before each period begins to assure that students are supervised within the classroom.

Section 4 Leaving School

Teachers are to be on duty at all times during the school day. Teachers are considered on duty even during designated planning periods. An uninterrupted lunch period of not less than 30-minutes each day is provided to teachers during which they are not assigned teaching, supervisory, or other duties. Teachers who leave the school during the designated lunch period must check out with the Principal's office.

Teachers may not leave school during duty hours without approval of the Principal. If the absence has been approved, the teacher must check out with the Principal's office when leaving, and check back in with the Principal's office upon return. Teachers who need to leave during the school day for reason of illness

or emergency are to check out with the Principal's office and make sure that a responsible person has been notified of their unexpected absence so student coverage may be provided.

Section 5 Lesson Plans

Teachers will prepare written lesson plans, which cover at least one week of advance instruction. The plans must be in the form as required by the building principal. Please keep the plan book, including lesson plans, class rosters, etc. in the substitute teacher file folder as instructed by building principal. If that is not possible, the plan book should be kept in a place in which the plan book will be readily available in the teacher's absence. Lesson plans are due to the Building Principals per their request.

The lesson plans must be sufficiently clear in establishing objectives and related activities so that a substitute teacher or other staff member not familiar with previous classroom activities or progress easily uses them. The information must give specific reference to other instructional sources immediately available which will enhance the instructional lesson.

Section 6 Substitute Teachers

A substitute teacher will, when necessary, be hired to take the place of a teacher who is absent from duty. Teacher's plans must be complete. Each teacher is required to have the following on or near his/her desk at all times:

1. Lesson plans
2. Daily schedule
3. Up-to-date seating charts
4. Class list
5. Fire and tornado drill procedures (See Sutton Schools Emergency Response Manual)
6. Special duties and directions

Section 7 Daily Class Record

Every teacher is required to keep a complete and easily understandable written record of the attendance and achievement of every student. This class record must be kept current and include the following minimum information in a readily understandable fashion:

1. The names and any assigned student numbers of all students enrolled in the class at the beginning of the semester.
2. The name and date of entry for each student who enrolls after the semester opens.
3. The date of withdrawal for each student who withdraws from the class previous to the close of the semester--dropouts or early withdrawals.
4. A complete record of the attendance of each student enrolled showing:
 - A. Days on which the student was tardy.
 - B. Days on which the student was absent, with a differentiation between excused and unexcused absences.
5. A complete report of all recorded grades for each student. There is no minimum requirement for the frequency of recorded grades (or for the giving of written lessons or examinations). Be sure that you test frequently enough and that you record grades

frequently enough to readily and realistically justify the term and final grades, which are reported to parents.

Upon request a student's individual record in the teacher's class record shall be made available for review or copying. Information relating to other students should not be allowed to be seen by other students or parents.

Because the entries in the class record constitute a source of original entry for information which may be needed in the absence of the teacher, teachers are required to deliver the teachers' class records to the Principal at the close of the school year for filing in the permanent records. Teachers who return to Sutton Public Schools and who wish to refer to the previous year's class record book may request the return of the class record book. Such books shall again be brought to the office for permanent filing when the teacher is finished with them, or at the close of the current term.

Section 8 Classroom and School Procedures

Teachers are expected to adhere to the following classroom and school procedure in the performance of their duties:

1. Text Book and Room Inventory

All school purchased materials must be inventoried with the building bookkeeper or secretary. Textbooks are to be numbered and either have cards in pockets or a form for writing the name of the student whom the book is assigned. Teachers should keep good records of who has which book. At the start of the year, note condition of the textbook on the inventory sheet and keep this sheet. When a book is turned in, again note its condition, and if the book shows abuse (other than normal wear) assess a fine according to the schedule in the student handbook. Insist that students put covers on their books by the end of the first week after receiving them.

2. Use of Teacher Aides

Teacher aides provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A teacher aide must not, however, assume teaching responsibilities. The teacher must maintain the role of leadership and responsibility for the students, with the teacher aide in a supportive role. Teacher aides may be used to assist the teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, and preparing bulletin boards. Teacher aides are to work only on their assigned work days and within their assigned work day. If the teacher desires the aide to work hours other than the assigned work hours or assigned work day, contact the administration for approval.

3. Use of Student Aides

Student aides are to be directly supervised by the teacher and are not to leave the building or be in the halls or anywhere they are not being supervised. Student aides are not to be used to assist the teacher by helping supervise another student, grade tests or class work, calculate student grades or record grades. Keys are NEVER to be given to students,

whether they are student aides or not. A student aide should not be present and assisting a teacher without another adult present after the end of regular teacher duty hours.

4. Checking Out of Equipment

All equipment must be checked out through the building principal. All school equipment may be used only for school purposes. No school equipment may be directed to the personal use of a teacher or another District employee.

5. Requisition of Equipment and Supplies

Books and supplies, which are needed for instruction should be requested through the Superintendent's office. No equipment or supplies ordered through the District may be directed to the personal use of a teacher or another District employee.

6. E-mail

Each teacher will be assigned a school e-mail address for purposes of intra-school and inter-school e-mail correspondence. Teachers should check for e-mail through out the day, and should timely respond to e-mails which require a response, but should avoid checking and responding to e-mails during instructional time. Use of the District's e-mail system for personal communications should be limited, and is subject to the rules governing overall computer usage found in Board policy and this handbook.

7. Teacher Mail Box

Each teacher will be assigned a mailbox located in the high school office or elementary work room. Teachers should check for mail each morning and also later in the school day, if possible. If something requires an answer, teachers are responsible for responding promptly. Teacher mailboxes are to be limited to communications regarding school business.

8. Teachers Meetings

Teachers' meetings for Elementary and Secondary Staff will be held when necessary as determined by each building Principal. **ALL** teachers are expected to be present for the meetings, unless they are excused by the building principal.

Section 9 Supervision of Students

Proper supervision of students is an important responsibility for teachers and other adults responsible for our students. Teachers and other adults responsible for student supervision are expected to meet the four "P's" for student supervision and safety.

1. Proper Supervision

- Report to all duty assignments on time.
- Circulate through your duty area. Pay particular attention to areas and activities that pose an increased risk of injury.
- Be vigilant while supervising students. Never leave your classroom unattended; the need to make a copy is not greater than the need to supervise your students. If an emergency requires that you leave your classroom, request that another nearby staff member cover your class, or notify the office so someone can provide assistance. If you are on recess duty, your responsibility is to supervise the students in your assigned area. When talking with other adults or students, remember that your

primary duty is supervision and make sure you are aware of what all students who you are to be supervising are doing.

- If you have seen or have been informed that a particular student has a propensity to act dangerously or in an unpredictable manner, your supervision of that student must increase with the known risk of injury. (Remember, though, that this type of information may be confidential—do not share confidential information about students except with other staff who need to know the information to perform their jobs).
- Be careful with touching students. Use of corporal punishment is prohibited at Sutton Public Schools. Touching students should be limited to that necessary to protect the student from harm (e.g., falling from playground equipment) and that which professional educators determine appropriate for purposes of proper student relationships.
- Be careful with your language. Profanity or abusive language should not be used by you. Be a good role model for students. If a student uses such language, you should correct the student and take such disciplinary action as is appropriate, which may include making a report to administration.

2. Proper Instructions

- Proper instructions are important to reduce the risk of injury when students undertake an activity, especially an activity that has an increased risk of harm to students.
- Repeat the instructions on how to complete a task that has a heightened risk of danger as often as needed. Do not assume because students heard the directions once that they will be remembered.
- When you go over safety rules with students note it in your written records (e.g., your lesson plan book or daily reports).
- Review playground and classroom safety rules with students at least once each semester and note when you do it in your written records. Also, if any students are absent when you review the rules contact the student(s) to review the same information and also note that contact in your written records.

3. Proper Maintenance of Buildings, Grounds, and Equipment

- Conduct periodic inspections of equipment under your control or in your area of supervision.
- If equipment is broken and presents a risk of injury, immediately take it out of service (if it can't be moved, tape a "Do Not Use" sign) and notify the office so those repairs may be undertaken.
- Check your communication device (whether it be a school phone in your supervision area, a walkie-talkie, or a cell phone) periodically to make sure you can communicate with the office immediately in the event of an emergency.

4. Proper Warnings

- If you have knowledge of a hazard that can likely cause injury, take steps to warn other staff and students. Tell the office so additional warnings may be given.

Contact the Office for Assistance

The office administration should be contacted immediately when a situation exists which could cause injury to students or others. Examples include:

- student fight
- student health problem (fainting, bleeding, high temperature, difficulty breathing, etc.); if the office can not be immediately located, call 911 if the problem appears to be of immediate and serious concern
- a report or a suspicion that a student has a weapon or other dangerous item or drugs, alcohol, or other illegal substances
- presence of an intruder (a non-student or non-staff member who refuses to go to the office)

Student Searches

Office administration should be contacted before performing searches of students or their belongings. You may direct a student suspected of having an item in violation of school rules to wait with you until another adult is present, or to follow you to the office if you can leave your assigned area without causing risk of harm to others. Do not use physical force to detain the student or to make the student accompany you except as reasonably necessary to protect the student or others.

Student Rights

Students should be treated fairly and given the same treatment without consideration of race, color, religion, gender, or disability. Students who need special accommodations should be given those accommodations as needed for them to participate in school and school activities. Further, students have the right to have their school records kept confidential. Such information should be shared only with other school staff with a need to know the information to perform their duties.

Section 10 Managing Student Conduct

Discipline is everyone's responsibility. It begins with the student being responsible for his/her own behavior and understanding the consequences it may cause. The teacher is responsible for articulating classroom expectations at the beginning of the school year, implementing the classroom expectations on a consistent basis, and being familiar with the student handbook. All staff is responsible for **all students** in the hallways, in the rest rooms, at assemblies, at pep rallies, and during lunch. Consequences for inappropriate behavior may include students making up time before or after school, a student or a parent conference, or a referral to an administrator.

The following guidelines will assist in maintaining appropriate student conduct and complying with the process required for student discipline.

1. On the first day of class make students aware of classroom expectations. Students will accept them if they know in advance and if they are fair and consistent. Students often appreciate giving input on classroom rules. These expectations should be in writing. Give one copy to the students, post one copy in the room and provide one copy for the principal.
2. It is important to document student behavior in your classroom, calls to parents, referrals, and/or communications with a student.

3. If, after attempts to improve student behavior, the problems continue, talk to the student's counselor or the Principal about possible alternatives in discipline procedures. Be attentive and respond to "bullying."
4. If a student continues to cause problems, inform the administration for disciplinary action using the approved reporting forms. Be sure to state the problem clearly and expectations in terms of assistance, as at times the student's and teacher's stories are different. Be prepared to provide documentation.
5. Follow up on any referral. The student may not go to the principal or the counselor when sent. The administrator will inform the teacher of the consequences.
6. Refer students with continued and significant behavioral problems to the student assistance team for a determination of whether the student is in need of special services. Contact the counselor if you have questions as to the procedure.
7. Talk with other teachers about the classroom management techniques they use to establish an atmosphere conducive to learning in their classroom. A large repertoire of classroom management techniques always enhances learning.
8. Read and understand the student handbook and the student conduct rules of the District.
9. Use good judgment when dealing with difficult situations involving students. Physical confrontation generally escalates tense situations. Corporal punishment is prohibited in our school district and is not to be used. Physical force may only be used to the extent reasonably necessary to protect the student, yourself and others, and to protect property as may be reasonable.
10. Violations of student rules which are also violations of state law are required to be reported to law enforcement. Make a report of such conduct to the Principal so this law may be followed.

Section 11 Corporal Punishment

Corporal punishment, defined as the infliction of bodily pain as a penalty for disapproved behavior, is prohibited. Some physical contact is inevitable, and most of it is appropriate. Therefore, physical contact, short of corporal punishment, is acceptable to promote personal interaction with students, to maintain order and control, and to protect persons and property.

Section 12 Dispensing Medication

Teachers are not permitted to give any medication to students unless trained under the Medication Aid Act, Neb. Rev. Stat. §71-6718 to 71-6743. Students who need to take prescription medicine must have a signed parent release form on file in the office. Medications are to be taken in the presence of the office staff, the nurse, or medication aide and are to be stored in the office. Medical procedures are not to be administered in the classroom except in accordance with the District's Safety and Security Management Plan and the District's Emergency Protocol (asthma/anaphylaxis protocol).

If students must take medication and/or perform medical procedures prescribed by a duly licensed physician during school hours, it is the responsibility of the parents or guardians to sign permission to dispense the medicine at the school and to submit a note or prescription from the physician authorizing the medicine and/or medical procedure. School district personnel will not administer medicine, including over the counter medicine, without this signed form and note or prescription. Any medication brought to school

needs to be properly labeled. The label should include the following information: Student's name, name of medication, dosage needed, and time of dispensing the medication.

Section 13 Reporting Child Abuse

Because of their daily contact with school-age children, educators and other school employees are in a unique position to identify abused and/or neglected children. Nebraska law defines child abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; or (6) sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Reporting Procedure. School employees who have reasonable cause to believe that a child has been subjected to child abuse or neglect or observe a child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected shall report the suspicion to the building principal immediately. Employees shall also personally report or cause a report to be made to local law enforcement or to the Department of Health and Human Services.
2. When the principal makes a report of suspected child abuse or neglect, he/she shall inform the employee(s) who made the initial report.
3. Nothing in the paragraph above shall hinder a school employee from fulfilling his/her/their obligation to report suspected abuse or neglect if he, she or they have reasonable cause to believe that a child has been abused or neglected.
4. Any doubt or question in reporting such cases shall be resolved in the favor of reporting the suspected abuse or neglect. Consultation between the administrator and school employee is encouraged, keeping in mind that prompt reporting is essential.

Contents of the Report. The report to authorities shall contain the following information to the extent it is available: (1) name and position of reporting person; (2) name, address, and age of abused or neglected person; (3) address of the person or persons having custody of the abused or neglected person; (4) the nature and extent of the abuse or neglect, or the conditions and circumstances which would reasonably result in such abuse or neglect; and (5) any other information that may be useful in establishing the identity of the persons involved and cause of the abuse or neglect.

Legal Immunity. Nebraska statutes give legal immunity from any civil or criminal liability to any person who makes a good faith report of child abuse or neglect or participates in a judicial proceeding resulting from such a report.

Section 14 Student Use of Copy Machines

Teachers should not send students to the office to use the copy machine, as students are not permitted to run the copy machines. The copy machine is heavily utilized without student use. The more people who use the machine the more likely it is to break down. Therefore, only adult staff members are to use the machine. Faculty should plan in advance and avoid sending students to the office to ask the secretary to do copy work for them. Whenever possible, teachers should run their own copies. (This is not a responsibility of the office secretary.)

Section 15 Coffee/Pop in Classrooms

Teachers should not drink pop/coffee in their classrooms during their assigned teaching time. If you have pop/coffee in your room during a time when students are not scheduled to be in your room that is acceptable.

Section 16 Attendance at Student Academic Meetings

Teachers will be expected to attend all meetings of an academic nature, which involve students. For example, I.E.P. meetings, which are scheduled during the school year, will require the attendance of the instructors of the student involved.

Every attempt will be made to schedule meetings at a time most convenient for everyone involved. These attempts may still require teachers to adjust their schedule so they can be present at the time of the meeting.

Section 17 Transportation of Students

Under most circumstance students will be transported by school vehicles for school activities. If school vans or other small vehicles are utilized then staff members must adhere to the following policies that are a part of NDE Rule 92:

- Under NO CIRCUMSTANCES are students to ride in the back of a pick-up truck, trailer, or trailer-mounted equipment.
- District employees and other personnel are permitted to operate district vehicles only when approved and authorized by the district.

All employees who drive a district vehicle must have a valid Nebraska driver's license

- Never leave the vehicle without checking the vehicle's interior in search of any forgotten, sleeping, or injured passengers.
- If a personal vehicle is being utilized to transport students on behalf of the school, then the parents must sign the proper parent permission forms in advance.
- All students transported in a vehicle other than a yellow school bus must utilize seat belts.

Section 18 Implementation of Student Assistance Team Process

Pursuant to the Rules of the Nebraska Department of Education, the school district uses general education student assistance teams (SATs). SATs consider and create problem-solving and intervention strategies to assist classroom teachers to meet the needs of students who may be struggling in the general curriculum.

All teaching staff must:

- 1) Support the SAT process by appropriately referring students who may benefit from the SAT process; and
- 2) Faithfully and consistently implement the intervention strategies recommended by the SAT.

The failure to support the SAT process is a serious matter and may constitute just cause for terminating or canceling a teacher's employment.

Section 19 Assessment Security

The purpose of all testing and assessments is to measure students' knowledge, skills or abilities in the area tested. All staff members are prohibited from engaging in any behavior that adversely affects the validity of test scores as a measure of student achievement. This policy applies to all national, state, and local assessments, including both standardized and general classroom assessments.

1. Assessment Responsibilities

- a. Each building principal, in consultation with the Superintendent and classroom teachers, will be responsible for:
 - overseeing the scheduling of state administered assessments, training all staff who administer assessments, and ensuring that all assessments, including make-up testing, is completed within required testing windows;
 - obtaining Standards, Assessment and Accountability Updates from the Department of Education and circulating the relevant portions of those updates to other staff members;
 - informing the board of education of changes to the Nebraska State Accountability Security Procedures; and
 - signing and enforcing the Nebraska State Accountability Test Security Agreement.
- b. Every classroom teacher or other staff member who administers assessments is responsible for:
 - complying with the Nebraska State Accountability Security Procedures;
 - taking all reasonable and prudent steps to ensure the accuracy and integrity of all academic testing, including statewide assessments; and
 - ensuring the security of all test materials.

2. Security Violations and Cheating

- a. **Classroom assessments**
Staff members who suspect students of having cheated on a classroom assessment should conduct a reasonable inquiry and impose consequences on the student consistent with classroom rules and the student handbook.
- b. **State Accountability Tests**
Staff members who suspect a breach of security on State Accountability Tests, must promptly report their suspicions to the building principal or superintendent. The superintendent must notify the Department of Education's Statewide Assessment Office

and follow the Department's protocol for Reporting and Investigating Test Security Violations.

Staff members who engage in or enable students to engage in academic dishonesty in any testing or assessment will be subject to discipline up to and including the immediate cancellation of their employment contract.

Section 20 Suicide Prevention Training

The following employees are required to complete at least one hour of suicide awareness and prevention training every year:

- school nurses
- teachers
- counselors
- school psychologists
- administrators
- school social workers
- community coaches
- paraeducators
- bus drivers
- kitchen staff
- custodians
- secretarial and clerical staff

These employees must complete the online training provided by the Nebraska Department of Education no later than October 31 of each school year or within 30 days of their initial employment. Failure to complete this training shall constitute just cause for the termination or nonrenewal of an employee's contract.

Section 21 Restraint and Seclusion

Restraint and seclusion, as defined below, are behavioral interventions. The use of such behavioral interventions must be in accordance with this policy. The following interventions do not constitute seclusion and restraint, and are not governed by this policy: voice control, limited to loud, firm commands; time-limited ignoring of specific behaviors; brief physical prompts to interrupt or prevent a specific behavior; physical interventions which a student's health care provider has indicated are medically necessary for the treatment or protection of the individual; or other similar interventions.

Definitions

Physical restraint refers to a personal restriction that immobilizes or reduces the ability of a student to move his or her torso, arms, legs, or head freely. The term physical restraint does not include a physical escort. Physical escort means a temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student who is acting out to walk to a safe location.

Physical restraint does not include incidental touching that comes along with movement inside a classroom, lunch line, or other areas of the school building where maintaining order is required.

Mechanical restraint refers to the use of any device or equipment to restrict a student's freedom of movement. The term does not include devices implemented by trained school personnel, or utilized by a student that have been prescribed by an appropriate medical or related services professional and are used for the specific and approved purposes for which such devices were designed, such as:

- Adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports;
- Vehicle safety restraints when used as intended during the transport of a student in a moving vehicle;
- Restraints for medical immobilization; or
- Orthopedically prescribed devices that permit a student to participate in activities without risk of harm.

Chemical restraint refers to the administration of medication for the purpose of restraint, but does not include the administration of medication in accordance with the directions and prescription of a physician with the consent of the student's parent or guardian.

Seclusion refers to the involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving. It does not include a timeout, which is a behavior management technique that is part of an approved program, involves the monitored separation of the student in a non-locked setting, and is implemented for the purpose of calming.

Use of Restraint and Seclusion

The use of chemical restraint is strictly prohibited. The use of any seclusion or restraint intervention for punitive or disciplinary purposes is strictly prohibited. Similarly, the use of any technique that constitutes corporal punishment, which is the infliction of bodily pain as a penalty for disapproved behavior, is strictly prohibited. Seclusion and/or restraint shall not be used for the convenience of staff or as a substitute for an educational program. When restraint or seclusion is used to respond to the danger of harm posed by a student's behavior, the intervention shall be discontinued as soon as the danger of harm has dissipated.

The use of physical restraint, mechanical restraint, and seclusion is permitted in a manner consistent with this policy:

- as reasonably necessary where the student's behavior risks causing physical harm to self, others, and property;
- in accordance with the student's IEP, Section 504, or behavior intervention plan; *or*
- as otherwise prescribed, recommended, or suggested by a medical or related services provider.

Procedures

No technique shall restrict a student's breathing, deprive a student of basic needs, or unnecessarily expose a student to physical pain or discomfort.

Seclusion shall not be used for students who are severely self-injurious or suicidal. When seclusion is utilized as permitted by this policy, the following procedures shall be followed:

- The student shall be monitored by an adult in close proximity who is able to regularly observe the student;
- The confining space shall be approved for such use, unless the use of such a space is impossible or impracticable under the circumstances;
- The confining space shall be appropriately lighted, ventilated, and heated or cooled; *and*
- The confining space shall be free from objects that unreasonably expose the student or others to harm.

If a pattern of behavior emerges that requires or is anticipated to require the use of restraint and/or seclusion for the student, the appropriate educators and/or team members shall review what assessments, evaluations, supports, services, programs, or placements are appropriate in light of the student's needs and circumstances.

Recording and Reporting

Each incident of restraint or seclusion must be recorded and reported as required by the building administrators.

Training

All staff members shall be provided notice of this policy and will be trained on its contents. The Superintendent or his or her designee will identify school staff members likely to implement the restraint or seclusion interventions authorized by this policy and arrange for those individuals to receive appropriate training on the appropriate implementation of such interventions and the use of other behavioral supports and interventions.

Article 5 – PERSONAL AND PROFESSIONAL CONDUCT

Section 1 Professional Ethics

The Regulations and Standards for Professional Practices Criteria, commonly known as Rule 27 of the Nebraska Department of Education, are the minimum standards for all certificated staff members of the school district. All certificate employees are responsible for reading, understanding, and complying with these standards.

Section 2 Evaluations

All certificated employees to be evaluated shall be notified annually in writing of the evaluation process. A certificated administrator, will observe and evaluate each probationary certificated employee for a full instructional period once each semester and each permanent certificated employee for a full instructional

period once each school year. A certificated administrator will observe and evaluate each probationary certified employee for a full instructional period once each semester. The administrator will provide each employee with a written list of deficiencies, concrete suggestions for improvement, and sufficient time to improve.

If the probationary certificated employee is a superintendent, he or she shall be evaluated twice during the first year of employment and at least once annually thereafter. The evaluation will include, but not be limited to evaluating the employee's instructional performance, classroom organization and management, personal conduct, and professional conduct. Evaluation of instructional performance and classroom organization and management is applicable to teachers only. The administrator will provide the employee with a written list of deficiencies, suggestions and a timeline for correcting the deficiencies and improving performance, and sufficient time to improve. The evaluation form will include notice that the employee may respond to the evaluation in writing.

The school district will train administrators in evaluation annually through meetings with the superintendent or other administrator, attendance at regional, state or national workshops, or any other method approved by the superintendent.

For the purposes of this policy, the terms "actual classroom observation" and "entire instructional period" are defined as follows:

Entire Instructional Period. For certificated employees whose classes are held during defined periods of time (e.g., senior high classes), an entire instructional period consists of one such time period. For those whose time periods are not so defined (e.g., elementary classroom teachers), an entire instructional period consists of 40 minutes. The instructional period for those whose work does not necessarily involve continuous instruction for 40-minute periods (e.g., librarians or speech therapists) consists of no less than 40 minutes total during the semester. The entire instructional period for administrators cannot be defined in terms of an instructional period and shall be satisfied by the actual observation of an administrator's work during the semester for no less than 40 minutes.

Actual Classroom Observation. Actual classroom observation consists of observing the certificated employee in any activities in a classroom setting. When a certificated employee does not have classroom responsibility (e.g., administrators or librarians), the requirement of "actual classroom observation" will be satisfied by observing the certificated employee performing activities that are typical of his or her position.

This policy and the evaluation instrument shall be included in the teacher handbook which will be distributed to staff members upon their employment and annually thereafter.

Section 3 Role Model

Teachers serve as role models for students and their actions and conduct reflect on the school as a whole. Teachers are in all respects to conduct themselves in a professional manner.

Section 4 Relationships-Professional Boundaries Between Employees and Students

School district employees are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. Employees are required to establish and maintain professional boundaries with students. They may be friendly with students, but they are the students' teachers, not their friends, and they must take care to see that this line does not become blurred. This applies to employees' conduct and interactions with students and to material they post on personal web sites and other social networking sites including, but not limited to, Instagram, Facebook, and Twitter. The posting or publication of messages or pictures or other images that diminish an employee's professionalism or ability to maintain the respect of students and parents may impair his or her ability to be an effective employee. Employees are expected to behave at all times in a manner supportive of the best interests of students.

Unless an employee has a legitimate educational purpose, the following behavior is a violation of the professional boundaries that employees are expected to maintain with students. The following list is intended to illustrate inappropriate behavior involving students but not to describe every kind of prohibited behavior.

- Communicating about sex when the discussion is not required by a specific aspect of the curriculum.
- Joking about matters involving sex, using double entendre or making suggestive remarks of a sexual nature.
- Displaying sexually inappropriate material or objects.
- Making any sexual advance, whether written, verbal, or physical or engaging in any activity of a sexual or romantic nature.
- Kissing of any kind.
- Dating a student or a former student within one year of the student graduating or otherwise leaving the district.
- Intruding on a student's personal space (e.g. by touching unnecessarily, moving too close, staring at a portion of the student's body, or engaging in other behavior that makes the student uncomfortable).
- Initiating unwanted physical contact with a student.
- Communicating electronically (e.g. by e-mail, text messaging, or through social media) on a matter that does not pertain to school. Electronic communications with students generally are to be sent simultaneously to multiple recipients and not just to one student except when the communication is clearly school related and inappropriate for persons other than the individual student to receive (i.e. grades).
- Playing favorites or permitting a specific student to engage in conduct that is not tolerated from other students.
- Discussing the employee's personal issues or problems that should normally be discussed with adults.
- Giving a student a gift of a personal nature.
- Giving a student a ride in the employee's vehicle without first obtaining the express permission of the student's parents or a school administrator.

- Taking a student on an outing without first obtaining the express permission of the student's parents or a school administrator.
- Inviting a student to the employee's residence without first obtaining the express permission of the student's parents and a school administrator.
- Going to a student's home when the student's parent or a proper chaperone is not present.
- Repeatedly seeking to be alone with a student.
- Being alone in a room with an individual student at school with the door closed.
- Any after-school hours activity with only one student.
- Any other behavior which exploits the special position of trust and authority between an employee and student.

This list is not exhaustive. Any behavior which exploits a student is unacceptable. If in doubt, ask yourself, "Would I be doing this if my family or colleagues were standing next to me?"

An employee is required to make a report to the superintendent if the employee reasonably believes that another employee has violated or may have violated this policy. Minor concerns or violations shall be reported within 24 hours. Major concerns or violations shall be reported immediately. Violations committed by or concerns about the superintendent shall be reported to Board of Education.

A student who feels his or her boundaries have been violated should directly inform the offender that the conduct or communication is offensive and must stop. If the student does not wish to communicate directly with the offender or if direct communication has been ineffective, the student should report the conduct or communication to a teacher, administrator, counselor, the Title IX coordinator, or other school employee with whom she or he feels comfortable.

Retaliation for good faith reports or complaints made as a result of this policy is prohibited. Individuals who knowingly and intentionally make a false report shall be subject to discipline as provided by district policy and state law.

A violation of this policy will form the basis for employee discipline up to and including termination or cancellation of employment, filing a report with law enforcement officials, and filing a report with the Commissioner of Education.

Section 5 Staff Dress and Appearance

It is important for all staff to project a professional image to students, parents and co-workers. Appropriate attire and grooming is one of the means of projecting a professional image. All staff is expected to maintain conservative and professional attire and grooming when on duty. As professionals, teachers are expected to be aware of the standard to be maintained. As a minimal guide, teachers should not wear clothing which students would not be permitted to wear at school. The attire worn by staff members conveys an important image to students and the general public.

Certified staff, paraeducators and office staff should generally dress in business casual attire. Classroom staff **may not** wear the following types of clothing during the traditional school day from, when students or visitors are in attendance, or when the employee is supervising, directing or coaching students when the public is in attendance:

- Sweat, jogging and wind suits, except when teaching a physical education activity in the gymnasium or on a playing field or at athletic or other activity practices.
- Shorts, except when teaching physical education class or at athletic or other activity practices.
- Blue jeans, except at athletic or other activity practices.
- Any clothing which is immodest and may distract other employees or students in the learning environment.

The building principal may temporarily suspend all or a portion of the dress code when other factors support a lower dress expectation for school employees (e.g., special “casual days”).

The appearance of professional staff members shall be appropriate to their assigned duties and indicative of their professional standing in the school and community. To help meet that end, jeans may not be worn except on Friday when a varsity contest is scheduled.

Section 6 Restrictions on Employees Receiving Gratuities

An employee who, because of his or her employment by the school district, receives any bonus merchandise or gift with a value over \$ 50.00 must disclose the receipt of such gift to the superintendent, who will then report that gift to the board. The superintendent, at his or her discretion, may require that the gift become the property of the district. No certificated staff member may not accept any gift which will impair the professional judgment of the recipient.

Employees are directed to discourage merchants from offering bonus paraphernalia in exchange for the school’s patronage.

Section 7 Outside Employment

1. An employee’s responsibilities to the district take precedence over personal responsibilities during school hours. Employees may not engage in other employment business activity during assigned duty hours.
2. Tutoring
 - a. Teachers are expected to assist students who are having learning problems as part of the teachers’ employment. Such assistance is expected both in the classroom and at other times during the school day.
 - b. A teacher shall not solicit a student or parent to retain the teacher as a tutor and shall not act as a tutor for pay or other remuneration for any student who is then enrolled in any class taught by that teacher.
 - c. In all other cases during the school year, a teacher may act as a tutor for pay or other remuneration upon prior approval of the building principal and superintendent or designee.
3. Employees shall attend to personal matters outside their assigned duty hours with the district whenever possible.
4. Employees may conduct business on behalf of the district during assigned duty hours, but at times that do not disrupt or interfere with teaching responsibilities or student activities.
5. Employees shall not misrepresent, either expressly or by implication, that any activity, solicitation, or other endeavor is sponsored, sanctioned, or endorsed by the district.
6. In any written or verbal presentation by an employee that might be perceived as being sanctioned, sponsored, or endorsed by the district, other than district-related instruction or presentation to district students or personnel, the employee shall communicate to the audience or recipients that the views expressed are those of the employee and not necessarily those of the district or board.

7. Sale of goods or services by employees.
 - a. Employees shall not sell, solicit or promote the sale of goods or services to students.
 - b. Employees shall not sell, solicit or promote the sale of goods or services to parents of students when the employee's relationship with the district is used to influence any sale or may be reasonably perceived by parents as attempting to influence any sale.
 - c. Employees with supervisory or managerial responsibilities shall not sell, solicit or promote the sale of goods or services to employees over whom they have such responsibilities in any manner that could reasonably be perceived as coercive by the subordinate employee(s).
 - d. Employees shall not use employee, student, or parent directories in connection with the solicitation, sale, or promotion of goods or services and shall not provide any such directory to any person or entity for any purpose without the prior knowledge or approval of the building principal.
8. No school board member, administrator, teacher, or other employee shall use the personnel, facilities, resources, equipment, property, or funds of the district for personal financial gain or business activities.
9. All written or artistic works, instructional materials, inventions, procedures, ideas, innovations, systems, programs, or other work product created or developed by any employee in the course and scope of performance of his or her employment duties on behalf of the district, whether published or not, shall be the exclusive property of the district; and the district has the sole right to sell, license, assign, or transfer any and all right, title, or interest in and to such property.
10. Staff may not exploit their professional relationships for personal gain.

Section 8 Conflict of Interest

Any school district employee who meets the conditions set forth in this policy shall be deemed to have a business or financial conflict of interest.

1. Definitions. For the purposes of this policy:
 - a. Business with which an employee is associated shall include the following:
 - (1) A business in which the employee or a member of his or her immediate family is a partner, a limited liability company, or serves as a director or an officer.
 - (2) A business in which the employee or a member of his or her immediate family is a stockholder in a closed corporation with stock worth one thousand dollars or more, or the employee or his or her immediate family owns more than a five percent equity interest or is a stockholder of publicly traded stock worth more than ten thousand dollars or more at fair market value, or which represents more than ten percent equity interest. This shall not apply to publicly traded stock under a trading account if the employee reports the name and address of the company and stockbroker.
 - b. A business association shall be defined to include an individual as a partner, limited liability company member, director or officer, or a business in which the individual or member of the immediate family is a stockholder.

- c. Immediate family member or member of the immediate family shall mean a child residing in an individual's household, a spouse of an individual, or an individual claimed by that individual or that individual's spouse as a dependent for federal income tax purposes
2. Contracts with the School District.
- a. No employee or member of his or her immediate family shall enter into a contract valued at two thousand dollars or more, in any one year, with this school district unless the contract is awarded through an open and public process that (1) includes prior public notice and (2) allows the public to inspect during the school district's regular business hours the proposals considered and the contract awarded.
 - b. The existence of any conflict of interest in any contract in which the employee has an interest and in which the school district is a party, or the failure to make public the employee's interest known, may render a contract null and void.
 - c. The prohibition of a conflict of interest or requirement for public notice shall apply when the employee, or his or her immediate family has a business association with the business involved in the contract or will receive a direct pecuniary fee or commission as a result of the contract.
3. Employing Members of the Immediate Family.
- a. An employee may employ or recommend or supervise the employment of an immediate family member if:
 - (1) The employee does not abuse his or her position.
 - (a) Abuse of official position shall include, but not be limited to, employing an immediate family member:

Article 6 – ACADEMIC MATTERS

Section 1 Purpose and Goals of Academic Achievement

The Sutton Board of Education is committed to providing a quality education for all Sutton Public Schools students consistent with the school's mission statement. Effective, quality instruction by teachers is an essential means of meeting the District's mission of providing a quality education.

Section 2 Teaching to Student Understanding to Assure Learning

Each teacher is responsible for teaching in a manner to meet the mission of the District and to assure student understanding and learning of the principles and concepts to be presented to students within the curriculum adopted by the District. Teachers will model classroom instruction on the educational model

implemented by the District and reflected in the teacher evaluation instrument adopted by the Board of Education. Teachers are responsible for familiarizing themselves with the instructional model and the principles of instruction set forth in the evaluation instrument. The administration shall provide periodic in-services regarding the instructional model.

State and federal laws and regulations have been enacted which require that students with certain needs be provided instruction and services consistent with those special needs. Examples include students who have been verified as in need of special education (“special education students”), students with other disabilities, which impact the educational program (“504 students”), and limited English proficient students (“LEP or ELL students”). The District’s policy is to comply with the state and federal laws and regulations in all respects. Teachers who are assigned special education, 504, or LEP/ELL students are required to provide instruction and services consistent with legal requirements and the requirements of Board policy and regulation.

Section 3 Instruction in the Curriculum

Teachers shall instruct students in the curriculum, including the use of curriculum materials, adopted and implemented by the Board of Education and as directed by the administration.

Section 4 Measuring and Reporting Academic Achievement

Grades and Grading. Measuring and accurately reporting the level of each student’s academic achievement is of critical importance to students, parents, staff, the board of education and community. To this end, each teacher shall develop a variety of assessment instruments and techniques to measure student achievement in the curriculum adopted and implemented by the school district, record the results of such assessment, and report such results on Report Cards. Teachers should endeavor to measure student learning and understanding on a frequent basis during each quarter to provide an accurate evaluation of each student’s academic achievement for that period. It is recommended that the teacher record at least two grades per week. It is generally preferable to give numerical grades for tests, quizzes, and daily work. GRADES MUST BE RECORDED FOR ALL CURRICULAR AREAS – Power School and Hard Copy.

Recording Grades. Each teacher shall record grades in the Daily Class Record. A sufficient number of grades must be recorded on the on-line grading program to justify all quarter and semester grades for each student. Please keep consistent and complete records. Teachers must be able to support and justify the grades that each individual student earns.

Grade Scales. Teachers are to use only the grading scales set forth below. Any deviation from the approved grade scales must be approved by the building principal.

STUDENT EVALUATION SCALE: The grade scales to be used for reporting student progress in grades 3-12 are as follows:

93-100 86-92 B 78-85 C 70-77 D Below 70 F

The preceding grade scales are expected to be used according to the following guidelines:

1. No other grade scales are to be used on official records or reports.
2. "Failing," "unsatisfactory" or equivalent terms indicate that student performance does not meet the minimum requirements established for the course. A final mark of "failing" or "unsatisfactory" in a credit-bearing course means that credit hours will not be granted.
3. The mark given at the end of each reporting period is considered an evaluation of the pupil's status at the time.
4. Teachers may exercise professional judgment in distributing marks. Marks are not expected to be distributed on a normal curve.

Reconsideration of Grades/Marks

Questions raised concerning duly assigned grades will be resolved cooperatively in a conference which includes the teacher(s) involved and the Principal. In the event a grade is questioned by parents or students, the parents/guardians and/or student may be included in the conference.

Failure to resolve the issue will result in a second conference involving the Superintendent or designee and the participants in the initial conference described above. The grades designated by teachers will not be changed unilaterally by the Superintendent unless the Superintendent determines that the grade is not consistent with the requirements of law, Board policy, or the best interests of the District.

Reduced Credit. Some students in certain situations may qualify for less than the number of credits normally granted for a course. Late entry or a serious injury at an awkward point in the semester would be a couple of examples. If a student is excessively absent from a class for any particular reason, a teacher may request reduced credit.

Transfer Grades. A student transferring into Sutton Public Schools at the fifteen-to eighteen-week time period will have all grades on transcript from an accredited school accepted for semester credit. Grades must be approved for credit by the Principal.

Reports to Parents. Grades and credit are assigned on a quarter (9 weeks) or semester basis (18 weeks). Reports are sent to parents at the close of each nine weeks during the school year; the reporting periods are referred to as first quarter, first semester, third quarter, and second semester. The grade reports are produced from information supplied by teachers and distributed to students at school or are mailed to parents.

All term or mid-quarter grades are calculated on a cumulative basis; i.e., the grade given at the end of the first quarter represents an evaluation of work done during that quarter, and the grade given at the close of the semester represents an evaluation of all the work done during the entire eighteen weeks.

The end-of-quarter and end-of-semester reports are directed to parents, not to students. Students probably know quite well how they stand in such areas as citizenship, attitude, cooperation, attendance, preparation of assignments, etc. The parents do not have this knowledge. If any such factors have significant bearing on the student's grades or their relationship with teachers, notes should be sent to parents. Arrangements

will be made to place these teacher-written notes with the grade report forms. The notes may call attention to deficiencies, faults, or failures; or they may be commendatory in nature. If carefully prepared, they can be most valuable. Parents need to have information about areas of strengths and areas needing improvement and progress being made by their child. For their instruction, and for our ultimate well-being, if and when problems arise, it is essential that the reports be as informative as possible. Teachers should, in all cases, plan to keep on file duplicate copies of the notes which are sent to parents.

Please accept, cooperatively and professionally, the responses that parents may make subsequent to the distribution of weekly (as needed) reports. Parents are not always helpful or reasonable under these circumstances but they do need information and direction. Please encourage parents to discuss their student-centered problems with you and give them all possible assistance.

Mid-Quarter Progress Reports To Parents. Mid-quarter progress reports are prepared at or near the middle of the fourth and the thirteenth weeks of each semester in the elementary. These reports will be mailed to all parents. At the Secondary level, progress reports are recorded weekly on the Deficiency, Discipline, or Positive Progress lists.

Commendation Reports. In an attempt to improve relations between the school and home, staff are asked to make calls to parents or complete positive progress reports, deficiency reports or disciplinary reports on students who are doing exceptionally well in school as well as those who are performing poorly. Too frequently parents are contacted only when there is something negative to report.

Section 5 Teaching Controversial Issues

The ability to discuss, listen, and dissent are essential elements of responsible citizenship. The school district encourages students to develop skills in analyzing issues, respecting the opinion of others, distinguishing between fact and opinion, considering all pertinent factors in reaching decisions, and arriving at group decisions.

Teachers may teach or lead discussions about controversial issues if they comply with the following criteria:

1. The issues discussed must be relevant to the curriculum and be part of a planned educational program.
2. Students must have free access to appropriate materials and information for analysis and evaluation of the issues.
3. The teacher must encourage students to consider and discuss a variety of viewpoints.
4. The topic and materials used must be within the range, knowledge, maturity, and competence of the students.
5. The teacher must inform parents and the building principal before discussing sensitive or controversial issues.
6. The teacher must keep detailed, documentary evidence to prove that both sides and/or all facts available were presented.
7. Teachers must refrain from advocating partisan causes, sectarian religious views, or selfish propaganda of any kind through any classroom or a school device. However, a teacher shall not be prohibited from expressing a personal opinion as long as the student is encouraged to reach his/her own decision independently.

Teachers who are unsure of their obligations under this policy must confer with their principal prior to discussing controversial issues in the classroom.

Section 6 Multicultural Education

In every curriculum area and at all grades, the school district will provide programs which foster and develop an appreciation and understanding of the racial, ethnic, and cultural heritage of all students. These programs will allow students to explore the history and contributions made by various ethnic groups and will emphasize the rich diversity of the population of the United States.

The programs shall be implemented within the guidelines of the State Department of Education and in accordance with any other applicable laws and/or regulations. The superintendent shall provide the board with a report on the status of the district's multicultural education program annually. (Policy 6020)

Section 7 Parent-Teacher Conferences

Parent-Teacher conferences are a critical opportunity for teachers to dialogue with parents (or guardians) of students regarding student achievement and learning. To this end, quarterly Parent-Teacher conferences will be scheduled and held during the school year. Teacher attendance at Parent-Teacher conferences is mandatory. A teacher may only be excused from attendance at Parent-Teacher conferences in writing by the building principal. The schedule setting forth the dates and times for the Parent-Teacher conferences for the school years is as follows:

Monday, September 28, 2020 5:00 P.M. – 8:30 P.M.
Thursday, October 1, 2020, 5:00 P.M. – 8:30 P.M.
Monday, March 8, 2021, 5:00 P.M. – 8:30 P.M.
Tuesday, March 9, 2021, 5:00 P.M. – 8:30 P.M.

Teachers are expected to be prepared for such conferences. Being prepared includes having completed grade books which include all student assignments, work or tests completed within five (5) days of the date of the Parent-Teacher conference.

Article 7 – USE OF SCHOOL FACILITIES AND EQUIPMENT

Section 1 Drug-Free Workplace

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety and morale of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this school district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined

with measures up to and including discharge. The district may, in its sole discretion, require or allow an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy, and shall provide each newly hired employee with a copy upon hiring. Every employee shall be required to signify receipt of a copy of the policy in writing. All district employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

An employee must notify his/her supervisor of any conviction of a criminal drug statute for a violation occurring in the workplace within five days. The failure to report such a conviction will be grounds for dismissal. If the employee convicted of such an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

Section 2 Smoke and Tobacco-Free Workplace

The use of tobacco products in the District's buildings and all owned or leased facilities and vehicles is prohibited.

Section 3 Weapon-Free Workplace

The District prohibits any person from being in possession of a weapon at a school attendance facility, on school property, at a school-supervised activity, or at a school-sponsored function. Any teacher found to be in violation of this policy shall be subject to disciplinary action, up to and including termination.

The term "weapon" means an instrument or object used, or which may be used, as a means of attack, defense, or destruction, including, without limitation:

- a. Any object which will, or is designed to, or may readily be converted to, expel a projectile by the action of an explosive or other means;

- f. Any knife other than as used for strictly instructional or personal care or eating purposes. A pocket knife with a blade of 2-1/2 inches or more is a prohibited weapon. A switch-blade knife is prohibited regardless of the size of the blade. A switch-blade knife is defined as a knife with a blade that opens automatically by hand pressure applied to a button, spring, or other device in the handle of a knife, or any knife having a blade that opens or falls or is ejected into position by the force of gravity or by an outward, downward, or centrifugal thrust or movement;
- g. Any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun; and
- h. A teacher may possess mace or other similar chemical agents in quantity and/or concentration typically designed for individual personal defensive purposes shall not be considered as possession of a weapon. Possession of larger quantities and/or

concentrations of mace or other similar chemical agents that is typically designed for individual personal defensive purposes will be considered as possession of a weapon. Usage of mace or other similar chemical agents will be considered as usage of a weapon if the usage is found to be for non-defensive purposes. A teacher who is negligent in their possession of mace or other similar chemical agents will be subject to disciplinary action.

- i. A teacher may possess an item which may be considered a weapon where such items is used for instructional purposes and the teacher has received approval of the administration to possess the item, provided it is used in the manner approved and is maintained in such manner as the administration has directed.

The phrase "possession of a weapon" includes, without limitation, a weapon in a teacher's personal possession, as well as in a teacher's motor vehicle, desk, locker, briefcase, backpack, or purse,

Section 4 Use of District Computer Network and Internet

Teachers have access to the District's computer network and the Internet for the enhancement and support of student instruction. It is important to remember that the equipment and the software are the property of the school district.

In using the computers and the Internet, teachers are agreeing to the following:

- .01 Since copyright laws protect software, teachers will not make unauthorized copies of software found on school computers by any means. Teachers will not give, lend, or sell copies of software to others unless the original software is clearly identified as shareware or in the public domain.
2. If a teacher downloads public domain programs for personal use or non-commercially redistributes a public domain program, the teacher assumes all risks regarding the determination of whether a program is in the public domain.
3. Teachers shall not access material that is obscene, child pornography or otherwise inappropriate matter for educational or work-related uses or contrary to the District's mission. Teachers are not permitted to knowingly access information that is profane, obscene or offensive toward a group or individual based upon race, gender, national origin or religion. Further, teachers are prohibited from placing such information on the Internet.
4. Teachers will protect the privacy of other computer users' areas by not accessing their passwords without written permission. Teachers will not copy, change, read, or use another person's files. Teachers will not engage in "hacking" or otherwise attempt to gain unauthorized access to system programs or computer equipment.
5. Teachers will not use computer systems to disturb or harass other computer users by sending unwanted mail or by other means.
6. Teachers will not disclose their passwords and account names to anyone or attempt to ascertain or use anyone else's password and account name.

Malicious attempts to harm or destroy data of another teacher, or data that resides anywhere on the network or on the Internet, or the uploading or creation of computer viruses are forbidden.
12. The District will not be responsible for any liabilities, costs, expenses, or purchases incurred by the use of the District's telecommunications systems such as the Internet. This includes, but is not limited to, the purchase of on line services or products. The teacher is solely responsible for any such charges. The teacher's acceptance of an email account is an acceptance of the teacher's agreement to indemnify the District for any expenses, including legal fees, arising out of the teacher's use of the system in violation of the agreement.
13. The Internet will be supplied for your use on an "as is, as available" basis. The District does not imply or expressly warrant that any information you access will be valuable or fit for a particular purpose or that the system will operate error free.
14. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.
15. The District reserves the right to refuse posting of files, and to remove files.
16. The District further reserves the right to inspect a teacher's computer and computer usage at anytime. Teachers have no privacy rights or expectations of privacy with regard to use of the District's computers or Internet system.
17. The computer system is not a public forum. It is provided for the limited purpose of advancing the District's mission.
18. A technology protection measure is in place that blocks and/or filters Internet access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate. The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed district training by the on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of a building administrator. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

Any violation of any part of this agreement or any other activity which school administrators deem inappropriate will be subject to disciplinary action. Discipline could include but would not be limited to, the immediate suspension or termination of the teacher's Internet account and computer privileges, reprimand, suspension, or termination.

Section 5 Staff Internet and Computer Use

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching and learning skills. The following

procedures and guidelines are intended to ensure appropriate use of the Internet at the school by the district's faculty and staff. Staff should also refer to the district's policy on Staff and District Social Media Use.

I. Staff Expectations in Use of the Internet

A. Acceptable Use While on Duty or on School Property

1. Staff shall be restricted to use the Internet to conduct research for instructional purposes.
2. Staff may use the Internet for school-related e-mail communication with fellow educators, students, parents, and patrons.
3. Staff may use the Internet in any other way which serves a legitimate educational purpose and that is consistent with district policy and good professional judgment.

As the quality and integrity of content on the Internet is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter on the Internet.

B. Unacceptable Use While on Duty or on School Property

1. Staff shall not access obscene or pornographic material.
2. Staff shall not engage in any illegal activities on school computers, including the downloading and reproduction of copyrighted materials.
3. Staff shall not use school computers or district internet access to use peer-to-peer sharing systems such as BitTorrent, or participate in any activity which interferes with the staff member's ability to perform their assigned duties.

A. Methods of Enforcement

The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

1. The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
2. Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access for staff access to a site with legitimate educational value that is wrongly blocked.
3. The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

B. Any violation of school policy and rules may result in that staff member facing:

1. Discharge from employment or such other discipline as the administration and/or the board deem appropriate;
2. The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;
3. When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

Before engaging in this sort of activity on school computers or district internet access, staff must obtain the consent of the superintendent or designee.
6. Staff shall not share their passwords with anyone, including students, volunteers or fellow employees.

IV. School Affiliated Websites

Staff must obtain the permission of the administration prior to creating or publishing any school-affiliated web page which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any website which identifies the school district by name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

V. Enforcement

A. Methods of Enforcement

The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

- 4.

Section 6 Staff and District Social Media Use

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. This policy is intended to ensure (1) appropriate use of social media by staff and (2) appropriate control of social media accounts belonging to or affiliated with the district. Staff should also refer to the district's policy on Staff Computer and Internet Usage.

VI. Personal Versus School-Affiliated Social Media Use

A. Personal Social Media Use

1. The school district will not require staff members or applicants for employment to provide the district with their username and password to personal social media accounts.
2. The district will not require staff to add anyone to the list of contacts associated with the staff member's personal social media accounts or require a staff member to change the settings on his or her personal social media accounts so that others can or cannot view their accounts.
3. Staff members whose personal social media use interferes with the orderly operation of the school or who use social media in ways that are not protected by the First Amendment may be subject to discipline by the district.
4. Staff members who wish to begin using or to continue using the school district name, programs, mascot, image or likeness as part of any social media profile must notify their supervising administrator of the use, and must secure the administrator's permission to do so.

Any social media account which purports to be "the official" account of the school district (e.g., "Mustang Wrestling"), or any of its programs, classes or entities will be considered to be an account that is used exclusively for the school district's business purpose. Staff members may not use "official" accounts for personal use.

2. Staff may be required to provide their supervising administrator with the username and password to school-affiliated social media accounts.

4. When staff use school-affiliated social media accounts to comment on school-related matters, they do not do so as private citizens and are therefore not entitled to First Amendment protections.

VII. Staff Expectations in Use of Social Media – Applicable to Both Personal and School-Affiliated Use

A. General Use and Conditions

Staff must comply with all board policies, contract provisions, and applicable rules of professional conduct in their social media usage. They must comply with the board’s policy on professional boundaries between staff and students at all times and in both physical and digital environments.

Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information in order to make sure that the publication does not violate the Federal Education Records Privacy Act or any other laws. Staff must also comply with all applicable state and federal record retention requirements, even with regard to personal social media usage.

Staff must comply with all applicable laws prohibiting the use or disclosure of impermissible content, such as copyright laws, accountability and disclosure laws, and any other law governing the use of resources of a political subdivision. Questions about appropriate content should be referred to the staff member’s supervising administrator.

B. Acceptable Use

1. Staff may use social media for instructional purposes.
2. Staff may use social media for school-related communication with fellow educators, students, parents, and patrons.
3. Teachers should integrate the use of electronic resources, which may include social media, into the classroom. As the quality and integrity of content on social media is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter.

C. Unacceptable Use

1. Staff shall not access obscene or pornographic material while at school, on school-owned device or on school-affiliated social media accounts.
2. Staff shall not engage in any illegal activities, including the downloading and reproduction of copyrighted materials.
3. Staff shall not access social media networking sites such as Facebook, Twitter, and Instagram on school-owned devices or during school time unless such access is for an educational activity which has been preapproved by the staff member’s immediate supervisor. This prohibition extends to using chat rooms, message

boards, or instant messaging in social media applications and includes posting on social networking sites using personal electronic devices.

VIII. School-Affiliated Digital Content

A. General Use and Conditions for School-Affiliated Accounts

Staff must obtain the permission of their supervising administration prior to creating, publishing, or using any school-affiliated web pages, microblogs, social media pages or handles, or any other digital content which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any content which identifies the school district by name in the account name or which uses the school’s mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated accounts and must only publish content appropriate for the school setting. Staff may not provide the username and password to school-affiliated accounts to any unauthorized individual, including students and volunteers.

B. Moderation of Third Party Content

The purpose of school-related social media accounts is to disseminate information. No school-related or school-affiliated social media account covered by this policy shall permit comments by the public unless otherwise approved by the superintendent. All comment functions for applications such as Facebook and Instagram must be turned to “off” without this approval.

In the event the superintendent permits content created by anyone other than the administrator of the account to appear on the account’s pages, such as comments made by students, parents, and patrons, the account administrator must monitor the content to ensure it complies with this policy. Posts, comments, or any other content made on the account’s pages may be removed when the content meets any of the following conditions:

1. Is obscene, lewd, or appeals to prurient interests;
2. Contains information relating to a student matter or personnel matter which is protected under or prohibited by state or federal law;
3. Contains threatening, harassing, or discriminatory words or phrases;
4. Incites or is reasonably anticipated to incite violence, illegal activity, or a material and substantial disruption to school operations or activities; or
5. Contains any other threat to the safety of students and staff.

Every account administrator must keep a copy of any removed content and must provide a copy to the superintendent along with written notification for the reason the post has been removed. All questions about the appropriateness of removal must be directed to the superintendent.

Section 7 Use of School Facilities

Teachers will be issued keys to the school. Teachers are expected to not lose their keys and to not allow others to have access to or to use their keys. Teachers are permitted to have access to school facilities during non-school time provided such access is for work-related purposes. When teachers leave the building, they are to close all windows, lock their classroom door, and make sure that the entry door is fully closed and locked. This is especially important when teachers are using the school facilities prior to the beginning of the school year and during any weekend or evening usage.

School property is to be used for approved work-related purposes and not for personal purposes or for personal gain or benefit. Use of school supplies (paper, staples, etc.), school equipment (copiers, fax machines, telephones, etc.), and school postage is to be used for approved school-related purposes only. Excess or surplus supplies or equipment, including items which have been placed in the trash, should not be removed for non-school use without approval from the administration.

Section 8 Care of School Property

Teachers are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. If an item is in need of maintenance or repair, report it to the Principal. If you learn that a student has damaged school property or equipment, or if you are responsible for damage to school property, promptly report it to the Principal so the item may be replaced or repaired if possible and appropriate responsibility for the cost of replacement or repair may be determined.

Section 9 Use of Telephone

Personal telephone calls shall not be made during duty time except in the event of an emergency, this includes use of personal cell phones. Long distance calls on school telephones must be made through a personal calling card. You will be responsible for any charges, which are for personal use.

Section 10 Visitors

Teachers are not to have visitors on school property except on a short-term basis and only with permission of the principal. Included in the definition of visitors are family members of the teacher. Visitors should follow posted procedures for being on school property. Teachers are not to bring their children to school with them in lieu of taking them to childcare.

Section 11 Salespersons

Teachers need not allow, and should not permit, any salesperson or representative or agent of any commercial enterprise or theatrical presentation to contact the teacher while engaged in the teacher's duties except for such times as may be designated by the Superintendent or designee. By law, the hours of no solicitation are between 8:30 a.m. and 5:00 p.m. on all days school is in session. If you are required to be at work earlier than 8:30 a.m., the hours are extended to that earlier time as well.

Teachers shall not use classrooms, buildings or other school property for personal use or profit without specific approval from the Superintendent or designee. Teachers shall not use time for which the teacher is on duty or paid by the District to engage in any activity for personal financial profit. Any violation of this policy will be held to be willful insubordination.

Section 12 Security of Desks and Lockers

Offices, teacher desks, lockers, file cabinets and other such storage devices ("storage devices") are owned by the school and are to be properly cared for and maintained. Appropriate security measures should be used to protect school and personal property kept in storage devices from theft or vandalism and to protect confidential student records.

The school exercises exclusive control over school property and reserves the right to search offices and

storage devices provided to or used by employees where permitted by law, such as where reasonable grounds exist for suspecting that a search will turn up evidence that the employee has committed work-related misconduct, or that a search is necessary for a no investigatory work-related purpose, such as to retrieve a file. School-related documents or records must remain readily available to administration and other appropriate school staff. Any personal items a teacher wants to have kept private should be kept in a separate personal storage device, such as a brief case, purse or backpack.

The District is not responsible for any personal property teachers may bring to school. Teachers are cautioned not to bring large amounts of money or items of significant value to school.

Section 13 Security Alarm System

The Board of Education has authorized a Security Alarm System. Teachers will be informed when the security alarm system is activated, but should not disclose this information to others. During the time that the alarm system is activated staff members should not be in the building, as movement within the building will cause the alarm to be sounded.

Section 14 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. Posters are not to be attached to any painted wall surfaces. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 24 hours after the event.

Section 15 Copyright and Fair Use Policy

Restrictions on Use and Permission. Copyrighted works such as print, audio, video, software, applications, and other documents or media ("works") may be reproduced or used for educational purposes only when the use of the reproduction is a fair use in compliance with state and federal copyright law or when the written permission or license for such use has been obtained from the copyright holder. A staff member who wishes to use any non-original work must obtain the prior written permission of the building principal. Unless the district has obtained a license for use of a work for its intended educational purpose, no principal shall grant permission for a requested use of a copyrighted work unless the principal has reasonable grounds to believe that it is a fair use under applicable copyright law. Only works requested to be used in the course and scope of employment with the district will be permitted.

Distribution of Copyright Compliance Materials. The district will make information available to staff and students which describes and promotes compliance with copyright laws.

Course Materials Subject to Copyright Protection. The purpose of this provision is to provide notice to all staff, students, and parents that course materials may be subject to copyright protection. No class materials may be used or copied for use outside of the class session or sessions in which the materials are used for educational purposes unless authorized or required by law. No student or staff member may take audio or video recording of any class in which copyrighted materials are used unless authorized or required by law or an applicable educational plan provided under state and federal disability laws. Any such recordings will be kept only long as required to fulfill the purpose of the recording, such as for evaluative purposes, or the applicable retention period required by law.

Copies for Individuals with Disabilities. This policy does not restrict district staff members from reproducing or distributing copies of copyrighted works in a specialized format for use by individuals with disabilities to gain access to the work.

Removal of Unauthorized Copyrighted Works. Upon obtaining knowledge or awareness of an unauthorized use of copyrighted works, the district will take reasonable steps to remove, deny access to, and stop use of any unauthorized copyrighted work stored in the district's paper or digital files or programs. This includes but is not limited to administrators accessing staff files and equipment for the purpose of physically removing curricular materials or directing staff members to cease using the materials immediately when there has been no license granted or fair use determination made. The superintendent or superintendent's designee may limit or deny access to district materials and programs to students or staff members who engage in violations of this policy or copyright law. The district may require the student or staff member to obtain training on copyright protections and limitations in order to regain access to any such materials or programs.

Violations by Students and Staff. Any staff member who violates this policy will face disciplinary action up to and including the cancellation, nonrenewal, or termination of the employee's employment. Any student who violates this policy may face disciplinary action up to and including expulsion. Individuals who subject the school district to financial penalty for copyright violations may be required to reimburse the district for its costs for such violation.

Section 16 Lost and Found

Teachers who find lost articles are asked to take them to the office, where the articles can be claimed by the owner.

Section 17 Safety

Safety Program and Safety Committee

The District has established a Safety and Security Management Plan, which includes safety and security plans and procedures, including plans and procedures to address emergency and crisis situations.

Teachers are expected to be familiar with and to comply with the Safety and Security Management Plan.

The Plan may be obtained for review or copy from the Principal or the Superintendent.

The District also has a safety committee to address employee accidents, injuries and work place conditions. A representative from each bargaining group plus representatives appointed by administration serve on the committee. If you have a desire to serve on the committee, you should contact the President of the teachers association. Teachers can make suggestions and/or report concerns to the safety committee in the following ways: (1) contact the teachers association representative of the safety committee, (2) contact the President of the teachers association, or (3) contact the Safety Committee in care of the Superintendent.

Safety Practices

Guidelines for safe work practices which teachers should follow include the following:

1. Never stand on chairs, counters, tables, etc. Only use step stools, ladders and locking stools to stand, climb, etc., to reach high places, put things on bulletin boards, etc.
2. Always wear protective equipment (i.e., goggles, aprons, gloves, and ear protection).
3. Wipe up spills or report promptly to appropriate personnel. DO NOT assume someone else will do it.

4. Be aware of your surroundings. Pick up clutter, keep your work area or room clean and free of clutter, debris, etc.
5. Identify and report all hazards (i.e., broken equipment, broken or uneven floor surfaces, non-operating tools, windows, doors, etc.). Follow up if not repaired.
6. Do not use equipment if you are not familiar with it or operate machinery without proper training.
7. Do not carry heavy or bulky objects. Get a cart, dolly or assistance. Know how to properly lift.
8. Report any injuries or medical problems to your supervisor immediately and complete the employee accident report.
9. Wear seatbelts when in vehicles where provided.
10. Do not do repetitive tasks for long periods of time (i.e., keyboarding, dipping cookies, cutting out things, filing, typing, etc.). Take breaks, learn and do stretching exercises, etc. Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal.

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Use of Personal Vehicles

Teachers who drive school vehicles or volunteer must have a valid driver's license and proof of insurance. Under most circumstances personal vehicles are not utilized to transport students. Anytime personal vehicles are utilized to transport students approval must be granted by the building principal and a parent permission form must be completed. Teachers who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Teachers are not to use cell phones while driving a school vehicle or while transporting children.

Accidents

Every accident which results in a personal injury must be reported to the Principal immediately. In the event the injury involves a student, the teacher responsible for the student either as teacher, coach or sponsor is responsible for making the report. If the injury occurs in the presence of the teacher, the teacher is also responsible for making a report.

Workers Compensation

Teachers are required to immediately report any work-related injury and/or work-related medical condition to their supervisor and complete all appropriate paperwork.

Section 18 Housekeeping

General housekeeping of Sutton Jr. Sr. High School is the responsibility of all students and staff. One segment of the population cannot assume the total responsibility

Through cooperative efforts we shall strive to maintain a building that is clean, neat orderly and attractive in

order to enhance the learning atmosphere. Areas that are in a state of disarray are a reflection of our lack of pride in our work. Good and bad work habits can become contagious.

If teachers have concerns about the cleanliness of their rooms, they should contact the principal. It is the responsibility of everyone to keep the building clean. Convey this message to the students.

Section 19 Milk Expression

The district will provide reasonable break time for an employee who wishes to express breast milk for her nursing child in a place, other than a bathroom, which is shielded from view and free from intrusion from co-workers and the public for one year after the child's birth.

Article 8-ACTIVITIES AND ACTIVITY ACCOUNTS

Section 1 Activity Accounts

Separate and distinct accounts have been established to account for the depositing and withdrawal of funds for each unique club or activity. Funds connected with the operation of school related activities must be deposited with the school secretary on the day of collection. It is extremely unwise for any teacher to assume the responsibility of holding funds overnight. Under no circumstance should funds be left in a teacher's desk. All funds should be turned into the office. The secretary will either deposit the funds in the bank or secure the funds in the safe.

A record of deposit must accompany all money deposited with the school secretary. The secretary will recount the money and make out a receipt for the correct amount. Teachers should retain their copy of the receipt for the activity records.

When collecting money from students for a particular club or activity, the teacher should provide some type of receipt or keep a written record of the transaction.

If funds are not deposited properly as requested and do become lost, that teacher or sponsor will be charged with the loss.

Section 2 Activity Fund Raising

ANY CLUB OR ACTIVITY AT SUTTON PUBLIC SCHOOLS THAT WISHES TO INITIATE ANY TYPE OF FUNDRAISING ACTIVITY, SALES OR SERVICE, MUST FIRST PRESENT THEIR IDEA IN WRITING TO THE PRINCIPAL FOR APPROVAL. The written request should include the organization and sponsors, the purpose of the drive and the date(s) when it will be carried out. Class dues will not be assessed to students attending Sutton Junior Senior High School.

The results of all fundraising activities briefly itemizing expenses, profits or losses, is to be submitted for the office records. A similar statement should also be kept with the club's records

Section 3 School Activities Calendar

With the large number of events that occur during the year, it is necessary to maintain a school calendar. This calendar is coordinated by the High School Principal and Activities Director. In order to keep the

Activities Calendar properly organized, all requests for school functions should be made in writing and will be scheduled after approval of the Principal. No announcements pertaining to any activity will be made unless it has been properly recorded on the Master Activities Calendar which is to be found in both the Principal's and Activities Director's office.

Any out-of-state trips must receive prior approval by the Board of Education.

It is advisable for all clubs to meet at a specific time and specific date each month to avoid conflicts. All meetings must be pre-approved by the Principal. Social events that are held on a school night must first receive permission from the Principal's office. The activity must conclude by 9:30 P.M. and the building cleared by 10:00 P.M. Most events should be held on Friday or Saturday nights whenever possible. No events will be scheduled on Wednesday evening because of area church activities on this night. The same applies to Sundays. If an exception is necessary, it will only be approved after informing the Activities Director and his receiving approval from the Superintendent.

1. **General Conditions**

All trips must be pre-approved by the teacher's building principal. Out-of-state and overnight trips require pre-approval by the board. The superintendent and principals will develop guidelines for approval of trips and communicate those guidelines to teaching staff.

2. **Parental Permission**

Each student must submit a signed parental permission slip prior to being allowed to attend a field trip. A new permission slip must be submitted for each trip. Caregivers, as that term is defined in the Nebraska Strengthening Families Act, shall be permitted to sign parental permission slips.

3. **Supervision**

Sponsoring teachers must ensure that students are adequately supervised and chaperoned by a responsible adult at all times during field trips. Whether paid staff or volunteers, chaperones are prohibited from drinking alcoholic beverages of any kind at any time during any field trip. All chaperones must be at least 21 years of age. Any chaperone who drives students must possess a valid driver's license. Chaperones who drive students in private vehicles must possess adequate insurance coverage.

4. **Student Conduct**

Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

Each Tuesday the office will produce a calendar of events for the coming week to serve as a reminder for all staff. It should be posted so that the students will also become aware of late changes and additions.

Section 4 School Events

School functions-activities, practices or rehearsals are not allowed on Wednesday nights unless NSAA sponsored. Teachers are encouraged to be present at school events. [No charge will be made to teachers for most locally sponsored school events. Teachers must expect to be called upon to give their assistance at school events. **CLASS PARTIES MUST BE APPROVED BY THE ADMINISTRATION.** The board encourages instructional staff to incorporate field trips into the curriculum. These trips should normally be conducted during the school day.

Section 5 Request for Travel

A set amount of dollars is available for expenses incurred by staff members. These funds must be approved in the following manner:

1. A request for travel form should be picked up in the building principal's office.
2. The form should be returned to the principal with all items completed clearly and accurately.
3. The principal will recommend approval or disapproval to the superintendent.
4. The final decision of the superintendent will be relayed to the staff member making the request. The decision is based on
 - A. Amount of funds in the budget
 - B. The last time a convention or workshop was attended.
 - C. The merit of the materials contained within the program.
 - D. The resultant effects the program might have on our students.
 - E. The merit of the individual making the request as determined by the building principal.Teachers are urged to get their requests in early. When the budget is met all requests will be turned down.

Section 6 Field Trips

The purpose of a field trip is to enhance learning and give students a perspective that cannot be accomplished in the regular classroom and should be accompanied by an assignment reinforcing the relevance of the trip to the curricular material. Because a successful field trip must be associated with a good deal of planning, the following steps should be accomplished:

1. Visit with the Principal to explain rationale for the trip and the necessary details.
2. Arrange for any funds or parental permission that may be necessary.
3. At least one week prior to the trip, a list of all students going on the trip should be submitted to the office to be approved by the Principal and then published, so all staff members will be informed for attendance purposes.
4. Students are absent from school for many activities throughout the year. These absences for activities can be quite beneficial. However, students must also complete classroom assignments during their absences. Therefore, students who are absent from school for any activity (Ex.: FCCLA, FFA, Athletics, College Visitations, Etc.) during one calendar week will secure an "Activity Absence" Form from the office at least one calendar week in advance of the absence. The Students will:
 - Meet with the teachers from whose class(es) they will be absent. Required coursework will be completed prior to the scheduled day of absence.
 - Have teachers sign the form indicating that the student(s) have permission to attend the activity.
 - Then return to the office the completed Activity Absence Form prior to approval for departure. Failure to complete and turn in to the office the Activity Absence Form will result in the student not being allowed to attend the scheduled activity.
 - College visitations should be scheduled during a week in which that will be the only absence for a student

Section 7 Guest Speakers

The school board recognizes that guest speakers with demonstrated expertise in areas of interest to the school district and its students may enrich the students' educational experiences. The school district has adopted this policy to ensure that the messages provided by outside speakers do not conflict with school district policies, the fundamental values of a public school education, or the legal limitations placed on public school districts. Individuals who wish to invite a guest speaker must follow the procedures outlined below.

Classroom or School-Sponsored Activity Guest Speakers. Teachers or activity sponsors who desire to invite a guest speaker to address his or her class or activity members must:

1. Research the guest speaker, have a clear understanding of the guest speaker's purpose and message, and determine that the speaker's message complies with the school district's policies and fundamental values.
2. Complete a Guest Speaker Request Form (refer to Elem/JR/SR High Offices) and submit it to the building principal at least 7 days prior to the proposed appearance.
3. Notify the main office of name, time, and date of the guest speaker's appearance (if the request is approved).
4. Notify parents of the name, time, date, and topic and summary of the presentation at least 5 days before the presentation (if the request is approved).
5. Require the guest speaker to submit a copy of any visual or written materials to the employee at least 24 hours prior to any presentation. The employee shall submit the materials to the principal upon receipt.
6. Prepare students in advance for the experience.
7. Inform the guest speaker that students or employees may ask challenging questions or offer differing viewpoints.
8. Terminate the presentation if the speaker fails to limit his or her remarks to the subject on which he or she has been invited to speak.
9. Remain with the speaker and students to facilitate and monitor the discussion.
10. Provide appropriate follow-up activities and education.

Assembly Speakers. Employees who desire to invite a guest speaker to address staff or students at an assembly must follow the identical procedures outlined above. In addition, the employee must submit the Guest Speaker Request Form to the principal at

least 7 days prior to the proposed materials upon receipt.

appearance and the speaker submitted

Request Consideration. The administrator(s) must research the guest speaker and determine that the speaker's message complies with the school district's policies and fundamental values. If it does not comply, the administrator will reject the request. If it does comply, the administrator shall then consider the following factors when approving or denying the request:

1. The guest speaker's ability to appropriately and adequately address the topic with the students based upon the speaker's education, training, expertise, or other qualifications.
2. The materials submitted by the guest speaker.
3. The educational value to students of the presentation.
4. The relevance of the presentation to the class, activity, or school's educational mission.
5. Whether the topic of the presentation is appropriate for the students' ages and level of maturity.
6. Whether the speaker has a history of providing factual information in a fair and balanced manner or if he or she has previously advocated for a particular position or espoused personal opinion, bias, or partisanship.
7. Whether the speaker's proposed presentation is consistent with the fundamental values of a public school education and/or encourages the fundamental values, habits, or manners of civility.
8. Whether the speaker's proposed presentation will satisfy the Nebraska Department of Education's accreditation, curriculum, or standards requirements or recommendations.

The administrator shall notify the employee of his or her decision.

Controversial Issues. If the employee or administrator determine that the guest speaker's topic or presentation is partisan or controversial but will still be of benefit to the students, (1) the employee and administrator will work with the guest speaker to develop a plan that will allow the issue to be presented in an objective and unbiased manner and/or (2) the employee and administrator will develop a plan that will allow opposing viewpoints to be presented. The employee will notify students and their parents at least 5 days in advance of the nature of the presentation. If a student does

not wish to attend a controversial presentation, the employee will either excuse the student from attending or provide an alternative assignment.

Other Requirements. The inviting employee or appropriate administrator may interrupt or stop the presentation if it violates this or any other school policy.

3. Complaints shall be investigated by the Coordinator or the Coordinator's designee. Investigations shall be thorough, but informal, and the Complainant shall be given a full opportunity to submit evidence relevant to the complaint.
4. The Coordinator shall make a decision on the Complaint within thirty (30) days of the filing of the Complaint, unless such time period is extended by agreement of the Complainant. The decision shall be made in writing, shall set forth the Coordinator's proposed resolution of the Complaint, and shall be forwarded to the Complainant.
5. The Complainant shall have ten (10) days from the date the Coordinator's decision is sent to the Complainant to accept or reject the Coordinator's proposed resolution, and shall be deemed to have accepted the proposed resolution unless the Complainant rejects the proposed resolution within such time period. In the event the complainant rejects the proposed resolution, the complainant shall be given the opportunity to file a request for reconsideration within the ten (10) days from the date the Coordinator's division is sent to the Complainant. The request for reconsideration shall be filed with the Coordinator. The Coordinator shall consider any additional information provided in the request for reconsideration and make a decision on the request for reconsideration within 10 (ten) days after the request for reconsideration was filed.

Section 5 Confidentiality of Student Records (FERPA)

The Family Educational Rights and Privacy Act (FERPA) gives parents and students over 18 years of age rights of access and confidentiality with respect to education records. Employees are expected to provide access rights and maintain the confidentiality of education records in accordance with FERPA and Board policy. Further information about FERPA and the District's policies under FERPA are found in Board policy and in the student handbook.

Section 6 Disclosure of Student Information to Military Recruiters and Colleges

The No Child Left Behind Act of 2001 requires the District to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that the school not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written consent. Employees are expected to follow these requirements.

Section 7 Disclosure of Staff Qualifications

The No Child Left Behind Act of 2001 gives parents/guardians the right to get information about the professional qualifications of their child's classroom teachers. The District designates the following

information as “directory information” and will give parents/guardians such information upon request:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.
3. The baccalaureate degree major of the teacher, along with information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree.
4. Whether the parent/guardian’s child has been assigned, or has been taught for four or more consecutive weeks, by a teacher who does not meet the requirements of the NCLB.

Section 8 Student Privacy Protection

The No Child Left Behind Act of 2001 requires the District to protect the privacy of students. Further information about student privacy and the District’s policies with regard to student privacy are found in Board policy and in the student handbook. In general, employees are expected to comply with these provisions of the NCLB and related Board policy, as follows:

1. Student surveys created by and administered by either the United States Department of Education or a third party (a group or person other than the District)—give parent/guardian the opportunity to inspect the survey upon request before the survey is administered or distributed to the students;
2. Student surveys which involve “sensitive” matters—make suitable arrangements to protect student privacy (that is, do not include the name or other identifying information about a particular student) and give parents the opportunity, in advance, to “opt-out” their child from the survey. Sensitive matters include:
 1. Political affiliations or beliefs of the student or the student’s parent;
 2. Mental or psychological problems of the student or the student’s parent;
 3. Sex behavior or attitudes;
 4. Illegal, anti-social, self-incriminating or demeaning behavior;
 5. Critical appraisals of other individuals with whom the student has close family relationships;
 6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
 7. Religious practices, affiliations, or beliefs of the students or the student’s parent;
 8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).
3. Instructional materials—permit parents upon reasonable request to inspect any instructional material used as part of the educational curriculum for their child. The term “instructional materials” does not include academic tests or academic assessments for purposes of this parent inspection requirement. If you receive such a request, direct the parent to contact your building principal and also inform the building principal yourself about the request to get instructions.
4. Collection, disclosure, or use of personal information collected from students for the

purpose of marketing or for selling that information—the District policy is to not gather such information for such purposes.

Section 9 Parent and Guardian Involvement in Education Practices

1. The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
 - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
 - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
 - c. A parental request to review specific standardized and criterion- referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide NeSA assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
 - b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
 - a. Building principals may excuse a student from any single school experience at the parent's written request.
 - b. When appropriate, alternative experiences will be provided for the student by the school.

4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
 - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
 - b. State Assessments

The District cannot approve requests to opt out of state assessments. Approval of such requests is contrary to state law.
 - c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.
7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
 - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
 - b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

Section 10 Homeless Students

The No Child Left Behind Act of 2001 requires that homeless students not be stigmatized or segregated on the basis of their status as homeless. Homeless children generally include children who lack a fixed, regular, and adequate nighttime residence. The Superintendent serves as the District's designated Homeless Coordinator and should be contacted for questions relating to a homeless student.

Section 11 Breakfast and Lunch Programs

The District participates in the National School Lunch Program. Employees are expected to keep information about the participation of students in the program confidential.

Section 12 Confidentiality of Protected Health Information

It is the policy of the District to develop and implement all necessary practices, policies, and procedures to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) where and to the extent applicable and to maintain the privacy of protected health information (PHI), as that term is defined by HIPAA, that it receives, obtains, or transmits for employees and students. The District designates the Superintendent as its HIPAA privacy officer. Student and employee records containing PHI shall be accessible only to those who require such information to carry out their duties.

Section 13 Restraint and Seclusion of Students

Restraint and seclusion are behavioral interventions, not educational techniques. They are limited to exigent circumstances and situations that necessitate their use to protect the safety of the student, other students, staff and property. When used as safety intervention, they should be used as methods of last resort. When used as behavior intervention, they must be used according to the terms of this policy.

This policy does not cover interventions such as voice control, limited to loud, firm commands; time-limited ignoring of specific behaviors; brief physical prompts to interrupt or prevent a specific behavior; physical interventions which a student's health care provider has indicated are medically necessary for the treatment or protection of the individual; or other similar interventions.

- I. Seclusion
 - A. Definition
 1. Seclusion is a last resort emergency safety intervention that provides an opportunity for the student to regain self-control. Seclusion is the confinement of a student in a room or other space from which the student is physically prevented from leaving and which provides for continuous adult observation of the student.
 2. A room or area used for seclusion:
 - a. must not be locked;
 - b. must not prevent the student from exiting the area should staff become incapacitated or leave that area;
 - c. must provide for adequate space, lighting, ventilation, viewing, and the safety of the student.
 - B. Timeout
 1. Timeout is a behavior intervention in which a student, for a limited and specified time, is placed in an environment where access to positive reinforcement is unavailable.
 2. Timeout should not be confused with seclusion because a student's movement in a timeout setting is not physically restricted.
 3. Timeout lies within a continuum of procedures that help students self-regulate and control their behavior.
 - C. Seclusion is inappropriate for students who are severely self-injurious or suicidal.
 - D. Time and Duration
 1. Emergency seclusion should be used only as long as necessary to allow a student to regain control of his/her behavior, but generally:
 - a) Elementary school students – no longer than 15 minutes; and
 - b) Middle and high school students – no longer than 20 minutes.

- c) If an emergency seclusion lasts longer than the suggested maximum time, the staff member should:
 - (1) summon additional support (e.g., change of staff, introducing a nurse or specialist, obtaining additional expertise); and
 - (2) document the need to explain the extension beyond the time limit.

E. Staff Requirements

While using seclusion, staff must:

- 1. involve appropriately-trained key identified personnel to protect the care, welfare, dignity, and safety of the student;
- 2. continually observe the student in seclusion for indications of physical distress and seek medical assistance if there is a concern; and
- 3. document observations.

II. Restraint

There are three types of restraint: physical, chemical, and mechanical.

A. Physical restraint involves direct physical contact that prevents or significantly restricts a student's movement.

- 1. Restraint is a last resort emergency safety intervention. Restraint is an opportunity for the student to regain self-control.
- 2. This policy on physical restraint is not intended to forbid actions undertaken:
 - a. to break up a fight
 - b. to take a weapon away from a student
 - c. to hold a student briefly in order to calm or comfort
 - d. to escort a student physically from one area to another location within the school building
 - e. to assist a student in completing a task/response if the student does not resist or resistance is minimal in intensity or duration.
 - f. to hold a student briefly in order to prevent an impulsive behavior that threatens the student's immediate safety (e.g., running in front of a car).

B. Chemical restraint is the administration of medication for the purpose of restraint.

- 1. The school district will not, under any circumstances, engage in chemical restraint.
- 2. Chemical restraint does not apply to medication prescribed by and administered in accordance with the directions of a physician.

C. Mechanical restraint means the use of any device or material attached to or adjacent to a student's body that restricts normal freedom of movement and which cannot be easily removed by a student.

- 1. Mechanical restraint does not include:
 - a. an adaptive or protective device recommended by a physician or therapist (when it is used as recommended).
 - b. safety equipment used by the general student population as intended (for example, seat belts, safety harness on school transportation).

III. Limitations in Use

A. Seclusion and/or restraint shall not be used:

- 1. for the convenience of staff;
- 2. as a substitute for an educational program; or
- 3. as a form of discipline/punishment.

IV. Recurring Behavior

A. If a pattern of behavior emerges, or is anticipated, which may require the use of emergency seclusion, the school personnel must:

- 1. conduct a functional behavioral assessment;
- 2. call a meeting of the student's IEP team to develop or revise a positive behavior intervention plan to facilitate the reduction or elimination of the use of seclusion and/or restraint

- B. Given the limited size and training of the school district's staff, students whose behavior routinely requires seclusion and restraint may not be able to be served in the school district and may require a placement out of the school district.
- V. Prohibited Practices
 - A. The following are prohibited under all circumstances, including emergency situations:
 - 1. corporal punishment;
 - 2. the deprivation of basic needs;
 - 3. anything that constitutes child abuse;
 - 4. the seclusion of preschool children; and
 - 5. the intentional application of any noxious substance(s) or stimuli which result in physical pain or extreme discomfort.

Section 14 Concussion Awareness

The Nebraska Unicameral has found that concussions are one of the "most commonly reported injuries in children and adolescents who participate in sports and recreational activities and that the risk of catastrophic injury or death is significant when a concussion or brain injury is not properly evaluated and managed."

The School District will:

- a. Require all coaches and trainers to complete one of the following on-line courses on how to recognize the symptoms of a concussion or brain injury and how to seek proper medical treatment for a concussion or brain injury:
 - Heads UP Concussions in Youth Sports
 - Concussion in Sports—What You Need to Know
 - Sports Safety International
 - ConcussionWise
 - ACTive™ Athletic Concussion Training for Coaches; and
- b. On an annual basis provide concussion and brain injury information to students and their parents or guardians prior to such students initiating practice or competition. This information will include:
 - 1 The signs and symptoms of a concussion;
 - 2 The risks posed by sustaining a concussion; and
 - 3 The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

- a. has been evaluated by a licensed health care professional;
- b. has received written and signed clearance to resume participation in athletic activities from the licensed health care professional; and
- c. has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity, the parent or guardian of the student will be notified by the school of:

- a. the date and approximate time of the injury suffered by the student,
- b. the signs and symptoms of a concussion or brain injury that were observed, and
- c. any actions taken to treat the student.

The school district will not provide for the presence of a licensed health care professional at any practice or game.

School officials shall deem the signature of an individual who represents that he/she is a licensed health care professional on a written clearance to resume participation that is provided to the school to be conclusive and

reliable evidence that the individual who signed the clearance is a licensed health care professional. The school will not take any additional or independent steps to verify the individual's qualifications.

Students who have sustained a concussion and returned to school may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff until the student is fully recovered. The school's "return to learn protocol" shall be the guidance provided by the Nebraska Department of Education entitled "Bridging the Gap from Concussion to the Classroom," and accompanying materials and future supplements. Nothing in this policy or the referenced protocol shall entitle a student who has sustained a concussion to an individualized plan under Section 504 of the Rehabilitation Act, although staff will refer students who have sustained a concussion for evaluation under Section 504 as appropriate.

Section 15 Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
 - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
 - ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment team (team) shall consist of the school crisis team. Not every team member need participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the

school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

Section 16 Title IX Policy

It is the policy of the school district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the school district's programs or activities. The district is required by Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106 to not discriminate in such a manner.

1. Title IX Coordinator

1.1. **Designation.** The district will designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under this policy, who will be referred to as the "**Title IX Coordinator.**" The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, of the name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator. Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment). This report may be made by any means, including but not limited to, in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours).

2. Definitions. As used in this policy, the following terms are defined as follows:

2.1. **Actual knowledge** means notice of sexual harassment or allegations of sexual harassment to any district employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only district employee with actual knowledge is the respondent (as that term is defined below). "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in subsection 1.1 above.

2.2. **Complainant** means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

2.3. **Formal complaint** means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. The only district official who is authorized to initiate the Grievance Process for Formal Complaints of Sexual Harassment against a respondent is the Title IX Coordinator (by signing a formal complaint). At the time of filing a formal complaint with the district, a complainant must be participating in or attempting to participate in the district's education program or activity. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under subsection 1.1 above, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this policy or under 34 C.F.R. part 106, and will comply with the requirements of this policy and 34 C.F.R. part 106, including subsections 5.1.3–5.1.4 and 34 C.F.R. § 106.45(b)(1)(iii).

2.4. **Respondent** means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

2.5. **Consent** for purposes of this policy means the willingness in fact for conduct to occur. An individual may, as a result of age, incapacity, disability, lack of information, or other circumstances be incapable of providing consent to some or all sexual conduct or activity. Neither verbal nor physical resistance is required to establish that an individual did not consent. District officials will consider the totality of the circumstances in determining whether there was consent for any specific conduct. Consent may be revoked or withdrawn at any time.

2.6. **Sexual harassment** means conduct on the basis of sex that satisfies one or more of the following:

2.6.1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;

2.6.2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity;

2.6.3. **Sexual assault**, as defined in 20 U.S.C. § 1092(f)(6)(A)(v), which means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation:

2.6.3.1. **Sex Offenses, Forcible**—Any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent.

2.6.3.1.1. **Rape**—(Except Statutory Rape) The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

2.6.3.1.2. **Sodomy**—Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.1.3. **Sexual Assault With An Object**—To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.1.4. **Fondling**—The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity

2.6.3.2. **Sex Offenses, Non-forcible**—(Except Prostitution Offenses) Unlawful, non-forcible sexual intercourse.

2.6.3.2.1. **Incest**—Non-Forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law

2.6.3.2.2. **Statutory Rape**—Non-Forcible sexual intercourse with a person who is under the statutory age of consent

2.6.4. **Dating violence**, as defined in 34 U.S.C. § 12291(a)(10), which means violence committed by a person—

2.6.4.1. who is or has been in a social relationship of a romantic or intimate nature with the victim; and

2.6.4.2. where the existence of such a relationship shall be determined based on a consideration of the following factors:

2.6.4.2.1. The length of the relationship.

2.6.4.2.2. The type of relationship.

2.6.4.2.3. The frequency of interaction between the persons involved in the relationship.

2.6.5. **Domestic violence**, as defined in 34 U.S.C. § 12291(a)(8), which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

2.6.6. **Stalking**, as defined in 34 U.S.C. § 12291(a)(30), which means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

2.6.6.1. fear for his or her safety or the safety of others; or

2.6.6.2. suffer substantial emotional distress.

2.7. **Supportive measures** means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

3. **Discrimination Not Involving Sexual Harassment.**

3.1. **General Prohibition.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, occupational training, or other education program or activity operated by the district.

3.2. **Specific Prohibitions.** Except as provided elsewhere in Title IX, 34 C.F.R. part 106, or this policy, in providing any aid, benefit, or service to a student, the district will not on the basis of sex:

3.2.1. Treat one person differently from another in determining whether such person satisfies any requirement or condition for the provision of such aid, benefit, or service;

3.2.2. Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;

3.2.3. Deny any person any such aid, benefit, or service;

- 3.2.4. Subject any person to separate or different rules of behavior, sanctions, or other treatment;
- 3.2.5. Apply any rule concerning the domicile or residence of a student or applicant;
- 3.2.6. Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;
- 3.2.7. Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

3.3. **Complaint Procedure.** All complaints regarding any alleged discrimination on the basis of sex, including without limitation violations of this policy, 34 C.F.R. part 106, Title IX, Title VII, or other state or federal law—when the alleged discrimination does not arise from or relate to an allegation of sexual harassment as defined in subsection 2.6 above—shall be addressed pursuant to the district’s general complaint procedure, Board Policy 2006.

4. **Response to Sexual Harassment**

4.1. **Reporting Sexual Harassment.** Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the District’s Title IX Coordinator. No person will be retaliated against based on any report of suspected sexual harassment or retaliation. Any District employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

4.2. **General Response to Sexual Harassment.** When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. The district will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For the purposes of this policy “education program or activity” includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district’s response will treat complainants and respondents equitably by offering supportive measures as defined in subsection 2.7 above to a complainant, and by following the grievance process described in section 5 below before the imposition of any disciplinary sanctions or other actions that are not supportive measures, against a respondent. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

4.3. **Emergency Removal.** Nothing in this policy precludes the district from removing a respondent from the district’s education program or activity on an emergency basis, provided that the district undertakes an individualized safety and risk analysis, and determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. In the event that the district so removes a respondent on an emergency basis, then the district will provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

4.4. **Administrative Leave.** Nothing in this policy precludes the district from placing a non-student employee respondent on administrative leave during the pendency of a grievance process that complies with section 5 below. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

4.5. **General Response Not Conditioned on Formal Complaint.** With or without a formal complaint, the district will comply with the obligations and procedures described in this section 4.

5. **Grievance Process for Formal Complaints of Sexual Harassment.**

5.1. **General Requirements.**

- 5.1.1. **Equitable Treatment.** The district will treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following the grievance process described in this section 5 before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies will be designed to restore or preserve equal access to the district's education program or activity. Remedies may include the same individualized services described in subsection 2.7 as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.
- 5.1.2. **Objective Evaluation.** This grievance process requires an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a complainant, respondent, or witness.
- 5.1.3. **Absence of Conflicts of Interest or Bias.** The district will require that any individual designated by a recipient as a Title IX Coordinator, investigator, decision-maker, or any person designated by a recipient to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
- 5.1.4. **Training.** The district will ensure that all individuals or entities described in this Training section 5.1.4 receive training as provided below. Any materials used to train these individuals will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.
 - 5.1.4.1. **All District Employees and Board Members.** All district employees and board members will be trained on how to identify and report sexual harassment.
 - 5.1.4.2. **Title IX Coordinators, Investigators, Decision-Makers, or Informal Resolution Facilitators.** The district will ensure that Title IX Coordinators, investigators, decision-makers, or any person designated by the district to facilitate an informal resolution process receive training on:
 - 5.1.4.2.1. The definition of sexual harassment in subsection 2.6;
 - 5.1.4.2.2. The scope of the district's education program or activity;
 - 5.1.4.2.3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and
 - 5.1.4.2.4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.
 - 5.1.4.3. **Decision-Makers.** The district will ensure that decision-makers receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as set forth in subsection 5.6.

- 5.1.4.4. **Investigators.** The district will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth in subsection 5.5.8.
- 5.1.5. **Presumption.** It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
- 5.1.6. **Reasonably Prompt Time Frames.** This grievance process shall include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes. The process shall also allow for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.
- 5.1.7. **Range of Possible Sanctions and Remedies.** Following a determination of responsibility, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion.
- 5.1.8. **Range of Supportive Measures.** The range of supportive measures available to complainants and respondents include those listed in subsection 2.7.
- 5.1.9. **Respect for Privileged Information.** The district will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- 5.2. **Notice of Allegations.**
- 5.2.1. **Initial Notice.** Upon receipt of a formal complaint, the district will provide the following written notice to the parties who are known:
- 5.2.1.1. A copy of this policy.
- 5.2.1.2. Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined in subsection 2.6, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, under subsection 5.5.5, and may inspect and review evidence under subsection 5.5.5. The written notice will inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.
- 5.2.2. **Supplemental Notice.** If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Initial Notice described above, the district will provide notice of the additional allegations to the parties whose identities are known.

5.3. **Dismissal of Formal Complaint.**

5.3.1. The district will investigate the allegations in a formal complaint.

5.3.2. **Mandatory Dismissals.** The district **must** dismiss a format complaint if the conduct alleged in the formal complaint:

5.3.2.1. Would not constitute sexual harassment as defined in subsection 2.6 even if proved;

5.3.2.2. Did not occur in the district's education program or activity; or

5.3.2.3. Did not occur against a person in the United States.

5.3.3. **Discretionary Dismissals.** The district **may** dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing:

5.3.3.1. The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;

5.3.3.2. The respondent is no longer enrolled in or employed by the district; or

5.3.3.3. Specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

5.3.4. Upon a dismissal required or permitted pursuant to subsections 5.3.2 or 5.3.3 above, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

5.3.5. Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

5.4. **Consolidation of Formal Complaints.** The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one respondent, references in this policy to the singular "party," "complainant," or "respondent" include the plural, as applicable.

5.5. **Investigation of Formal Complaint.** When investigating a formal complaint and throughout the grievance process, the district will:

5.5.1. Designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint;

5.5.2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a grievance process under this section (if a party is not an "eligible student," as defined in 34 CFR 99.3, then the district will obtain the voluntary, written consent of a "parent," as defined in 34 CFR 99.3);

- 5.5.3. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- 5.5.4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- 5.5.5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- 5.5.6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- 5.5.7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report; and
- 5.5.8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 calendar days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

5.6. **Exchange of Written Questions.** After the district has sent the investigative report to the parties pursuant to subsection 5.5.8, but before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

5.7. **Determination Regarding Responsibility**

- 5.7.1. **Decision-Maker(s).** The decision-maker(s) cannot be the same person as the Title IX Coordinator or the investigator(s).
- 5.7.2. **Written Determination.** The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) will apply the preponderance of the evidence standard. The written determination will include:
 - 5.7.2.1. Identification of the allegations potentially constituting sexual harassment as defined in subsection 2.6;

- 5.7.2.2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
 - 5.7.2.3. Findings of fact supporting the determination;
 - 5.7.2.4. Conclusions regarding the application of the district's code of conduct to the facts;
 - 5.7.2.5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
 - 5.7.2.6. The district's procedures and permissible bases for the complainant and respondent to appeal.
- 5.7.3. The district will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.
 - 5.7.4. The Title IX Coordinator is responsible for effective implementation of any remedies.

5.8. **Appeals.** The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

- 5.8.1. **Time for Appeal.** Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools within ten (10) calendar days of the date of the respective written determination of responsibility or dismissal from which the appeal is taken. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds (from subsection 5.8.2 below) upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal under this policy, 34 C.F.R. part, 106, and Title IX.
- 5.8.2. **Grounds for Appeal.** Appeals from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, are limited to the following grounds:
 - 5.8.2.1. Procedural irregularity that affected the outcome of the matter;
 - 5.8.2.2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
 - 5.8.2.3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

5.8.3. As to all appeals, the district will:

- 5.8.3.1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
- 5.8.3.2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
- 5.8.3.3. Ensure that the decision-maker(s) for the appeal complies with the standards set forth in subsections 5.1.3–5.1.4.
- 5.8.3.4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- 5.8.3.5. Issue a written decision describing the result of the appeal and the rationale for the result; and
- 5.8.3.6. Provide the written decision simultaneously to both parties.

5.9. **Informal Resolution.** The district will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this section. Similarly, the district will not require the parties to participate in an informal resolution process under this section and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

5.9.1. Provides to the parties a written notice disclosing:

- 5.9.1.1. The allegations;
- 5.9.1.2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
- 5.9.1.3. That at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- 5.9.1.4. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;

5.9.2. Obtains the parties' voluntary, written consent to the informal resolution process; and

5.9.3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

5.10. **Recordkeeping.**

5.10.1. The district will maintain for a period of seven years records of:

- 5.10.1.1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity;
- 5.10.1.2. Any appeal and the result therefrom;

- 5.10.1.3. Any informal resolution and the result therefrom; and
 - 5.10.1.4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website then the district will make these materials available upon request for inspection by members of the public.
- 5.10.2. For each response required under section 4, the district will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

6. **Superintendent Authorized to Contract.** The board authorizes the Superintendent to contract for, designate, and appoint individuals to serve in the roles of the district's investigator(s), decision-maker(s), informal resolution facilitator(s), or appellate decision-maker(s) as contemplated by this policy.

7. **Access to Classes and Schools.**

7.1. **General Standard.** Except as provided in this section or otherwise in 34 C.F.R. part 106, the district will not provide or otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.

7.1.1. **Contact sports in physical education classes.** This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

7.1.2. **Ability grouping in physical education classes.** This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

7.1.3. **Human sexuality classes.** Classes or portions of classes that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.

7.1.4. **Choruses.** The district may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

7.2. **Classes and Extracurricular Activities.** The district may provide nonvocational single-sex classes or extracurricular activities as permitted by 34 C.F.R. part 106.

8. **Athletics.** It is the policy of the district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person or otherwise be discriminated against in any interscholastic, club, or intramural athletics offered by the district, and that the district will not provide any such athletics separately on such basis.

8.1. **Separate Teams.** Notwithstanding the foregoing paragraph, the district may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport.

8.2. **Equal opportunity.** The district will provide equal athletic opportunity for members of both sexes. Unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams will not constitute noncompliance with this section.

9. **Certain Different Treatment on the Basis of Sex Permitted.** Nothing herein shall be construed to prohibit the district from treating persons differently on the basis of sex as permitted by Title IX or 34 C.F.R. part 106. For example, and without limiting the foregoing, the district may provide separate toilet, locker room, and shower facilities on the basis of sex, but such facilities provided for students of one sex shall be comparable to such facilities provided for students of the other sex.

10. **Retaliation Prohibited.** Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

10.1. **Specific Circumstances.**

10.1.1. The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section.

10.1.2. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

11. **Notification of Policy.** The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

12. **Publication of Policy.** The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

13. **Application Outside the United States.** The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

14. **Scope of Policy.** Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

Notice of COBRA Continuation Coverage Rights

** Continuation Coverage Rights Under COBRA**

Introduction

You are receiving this notice because you have recently become covered under Sutton Public Schools' health plan (the "Plan"). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and to other members of your family who are covered under the Plan when you would otherwise lose your group health coverage. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.** This notice gives only a summary of your COBRA continuation coverage rights. For more information about your rights and obligations under the Plan and under federal law, you should either review the Plan's Summary Plan Description or get a copy of the Plan Document from the Plan Administrator.

COBRA Continuation Coverage

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." A qualified beneficiary is someone who will lose coverage under the Plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and dependent children of employees may be qualified beneficiaries. Under the Plan, qualified beneficiaries who elect COBRA continuation must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

1. Your hours of employment are reduced, or
2. Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

1. Your spouse dies;
2. Your spouse's hours of employment are reduced;
3. Your spouse's employment ends for any reason other than his or her gross misconduct;
4. Your spouse becomes enrolled in Medicare (Part A, Part B, or both); or
5. You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

1. The parent-employee dies;
2. The parent-employee's hours of employment are reduced;
3. The parent-employee's employment ends for any reason other than his or her gross misconduct;
4. The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
5. The parents become divorced or legally separated; or
6. The child stops being eligible for coverage under the plan as a "dependent child."

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer and that bankruptcy results in the loss of

coverage of any retired employee covered under the Plan, the retired employee is a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, commencement of a proceeding in bankruptcy with respect to the employer to the extent retiree health coverage is provided, or enrollment of the employee in Medicare (Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event within 30 days of any of these events.

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator. The Plan requires you to notify the Plan Administrator within 60 days after the qualifying event occurs. You must send this notice to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date of the qualifying event.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, enrollment of the employee in Medicare (Part A, Part B, or both), your divorce or legal separation, or a dependent child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage lasts for up to 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability extension of 18-month period of continuation coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during the first 60 days of COBRA continuation coverage and you notify the Plan Administrator in a timely fashion, you and your entire family can receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. You must make sure that the Plan Administrator is notified of the Social Security Administration's determination within 60 days of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. This notice should be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and dependent children in your family can get additional months of COBRA continuation coverage, up to a maximum of 36 months. This extension is available to the spouse and dependent children if the former employee dies, enrolls in Medicare (Part A, Part B, or both), or gets divorced or legally separated. The extension is also available to a dependent child when that child stops being eligible under the Plan as a dependent child. In all of these cases, you must make sure that the Plan Administrator is notified of the second qualifying event within 60 days of the second qualifying event. This notice must be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

If You Have Questions

If you have questions about your COBRA continuation coverage, you should contact the Superintendent or Plan

Administrator or you may contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's web site at www.dol.gov/ebsa.

Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

Equal Employment Opportunity is the Law

Private Employers, State and Local Governments, Educational Institutions, Employment Agencies and Labor Organizations
Applicants to and employees of most private employers, state and local governments, educational institutions, employment agencies and labor organizations are protected under Federal law from discrimination on the following bases:

RACE, COLOR, RELIGION, SEX, NATIONAL ORIGIN

Title VII of the Civil Rights Act of 1964, as amended, protects applicants and employees from discrimination in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment, on the basis of race, color, religion, sex (including pregnancy), or national origin. Religious discrimination includes failing to reasonably accommodate an employee's religious practices where the accommodation does not impose undue hardship.

DISABILITY

Title I and Title V of the Americans with Disabilities Act of 1990, as amended, protect qualified individuals from discrimination on the basis of disability in hiring, promotion, discharge, pay, fringe benefits, job training, classification, and other aspects of employment. Disability discrimination includes not making reasonable accommodation to the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, barring undue hardship.

AGE

The Age Discrimination in Employment Act of 1967, as amended, protects applicants and employees 40 years of age or older from discrimination based on age in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment.

SEX (WAGES)

In addition to sex discrimination prohibited by Title VII of the Civil Rights Act, as amended, the Equal Pay Act of 1963, as amended, prohibits sex discrimination in the payment of wages to women and men performing substantially equal work, on jobs that require equal skill, effort, and responsibility, under similar working conditions, in the same establishment.

GENETICS

Title II of the Genetic Information Nondiscrimination Act of 2008 protects applicants and employees from discrimination based on genetic information in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment. GINA also restricts employers' acquisition of genetic information and strictly limits disclosure of genetic information. Genetic information includes information about genetic tests of applicants, employees, or their family members; the manifestation of diseases or disorders in family members (family medical history); and requests for or receipt of genetic services by applicants, employees, or their family members.

RETALIATION

All of these Federal laws prohibit covered entities from retaliating against a person who files a charge of discrimination, participates in a discrimination proceeding, or otherwise opposes an unlawful employment practice.

WHAT TO DO IF YOU BELIEVE DISCRIMINATION HAS OCCURRED

There are strict time limits for filing charges of employment discrimination. To preserve the ability of EEOC to act on your behalf and to protect your right to file a private lawsuit, should you ultimately need to, you should contact EEOC promptly when discrimination is suspected: The U.S. Equal Employment Opportunity Commission (EEOC), 1-800-669-4000 (toll-free) or 1-800-669-6820 (toll-free TTY number for individuals with hearing impairments). EEOC field office information is available at www.eeoc.gov or in most telephone directories in the U.S. Government or Federal Government section. Additional information about EEOC, including information about charge filing, is available at www.eeoc.gov.

Employers Holding Federal Contracts or Subcontracts

Applicants to and employees of companies with a Federal government contract or subcontract are protected under Federal law from discrimination on the following bases:

RACE, COLOR, RELIGION, SEX, NATIONAL ORIGIN

Executive Order 11246, as amended, prohibits job discrimination on the basis of race, color, religion, sex or national origin, and requires affirmative action to ensure equality of opportunity in all aspects of employment.

INDIVIDUALS WITH DISABILITIES

Section 503 of the Rehabilitation Act of 1973, as amended, protects qualified individuals from discrimination on the basis of disability in hiring, promotion, discharge, pay, fringe benefits, job training, classification, referral, and other aspects of employment. Disability discrimination includes not making reasonable accommodation to the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, barring undue hardship. Section 503 also requires that Federal contractors take affirmative action to employ and advance in employment qualified individuals with disabilities at all levels of employment, including the executive level.

DISABLED, RECENTLY SEPARATED, OTHER PROTECTED, AND ARMED FORCES SERVICE MEDAL VETERANS

The Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, 38 U.S.C. 4212, prohibits job discrimination and requires affirmative action to employ

and advance in employment disabled veterans, recently separated veterans (within three years of discharge or release from active duty), other protected veterans (veterans who served during a war or in a campaign or expedition for which a campaign badge has been authorized), and Armed Forces service medal veterans (veterans who, while on active duty, participated in a U.S. military operation for which an Armed Forces service medal was awarded).

RETALIATION

Retaliation is prohibited against a person who files a complaint of discrimination, participates in an OFCCP proceeding, or otherwise opposes discrimination under these Federal laws.

Any person who believes a contractor has violated its nondiscrimination or affirmative action obligations under the authorities above should contact immediately:

The Office of Federal Contract Compliance Programs (OFCCP), U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210, 1-800-397-6251 (toll-free) or (202) 693-1337 (TTY). OFCCP may also be contacted by e-mail at OFCCP-Public@dol.gov, or by calling an OFCCP regional or district office, listed in most telephone directories under U.S. Government, Department of Labor.

Programs or Activities Receiving Federal Financial Assistance

RACE, COLOR, NATIONAL ORIGIN, SEX

In addition to the protections of Title VII of the Civil Rights Act of 1964, as amended, Title VI of the Civil Rights Act of 1964, as amended, prohibits discrimination on the basis of race, color or national origin in programs or activities receiving Federal financial assistance. Employment discrimination is covered by Title VI if the primary objective of the financial assistance is provision of employment, or where employment discrimination causes or may cause discrimination in providing services under such programs. Title IX of the Education Amendments of 1972 prohibits employment discrimination on the basis of sex in educational programs or activities which receive Federal financial assistance.

INDIVIDUALS WITH DISABILITIES

Section 504 of the Rehabilitation Act of 1973, as amended, prohibits employment discrimination on the basis of disability in any program or activity which receives Federal financial assistance. Discrimination is prohibited in all aspects of employment against persons with disabilities who, with or without reasonable accommodation, can perform the essential functions of the job.

If you believe you have been discriminated against in a program of any institution which receives Federal financial assistance, you should immediately contact the Federal agency providing such assistance.

EEOC-PIE-1 (Revised 11/06)

Your Rights Under USERRA

The Uniformed Services Employment and Reemployment Rights Act

USERRA protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service or certain types of service in the National Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services, and applicants to the uniformed services.

REEMPLOYMENT RIGHTS

You have the right to be reemployed in your civilian job if you leave that job to perform service in the uniformed service and:

- you ensure that your employer receives advance written or verbal notice of your service;
- you have five years or less of cumulative service in the uniformed services while with that particular employer;
- you return to work or apply for reemployment in a timely manner after conclusion of service; and
- you have not been separated from service with a disqualifying discharge or under other than honorable conditions.

If you are eligible to be reemployed, you must be restored to the job and benefits you would have attained if you had not been absent due to military service or, in some cases, a comparable job.

RIGHT TO BE FREE FROM DISCRIMINATION AND RETALIATION

If you:

- are a past or present member of the uniformed service;

- have applied for membership in the uniformed service; or
- are obligated to serve in the uniformed service; then an employer may not deny you:
 - initial employment;
 - reemployment;
 - retention in employment;
 - promotion; or
 - any benefit of employment

because of this status.

In addition, an employer may not retaliate against anyone assisting in the enforcement of USERRA rights, including testifying or making a statement in connection with a proceeding under USERRA, even if that person has no service connection.

HEALTH INSURANCE PROTECTION

- If you leave your job to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military.
- Even if you don't elect to continue coverage during your military service, you have the right to

be reinstated in your employer's health plan when you are reemployed, generally without any waiting periods or exclusions (e.g., pre-existing condition exclusions) except for service-connected illnesses or injuries.

ENFORCEMENT

- The U.S. Department of Labor, Veterans Employment and Training Service (VETS) is authorized to investigate and resolve complaints of USERRA violations.

- For assistance in filing a complaint, or for any other information on USERRA, contact VETS at **1-866-4-USA-DOL** or visit its website at <http://www.dol.gov/vets>. An interactive online USERRA Advisor can be viewed at <http://www.dol.gov/elaws/userra.htm>.

- If you file a complaint with VETS and VETS is unable to resolve it, you may request that your case be referred to the Department of Justice or the Office of Special Counsel, as applicable, for representation.

- You may also bypass the VETS process and bring a civil action against an employer for violations of USERRA.

The rights listed here may vary depending on the circumstances. The text of this notice was prepared by VETS, and may be viewed on the internet at this address: <http://www.dol.gov/vets/programs/userra/poster.htm>. Federal law requires employers to notify employees of their rights under USERRA, and employers may meet this requirement by displaying the text of this notice where they customarily place notices for employees.

Employee Rights Under Family and Medical Leave Act

THE UNITED STATES DEPARTMENT OF LABOR WAGE AND HOUR DIVISION

LEAVE ENTITLEMENTS

Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

- The birth of a child or placement of a child for adoption or foster care;
- To bond with a child (leave must be taken within 1 year of the child's birth or placement);
- To care for the employee's spouse, child, or parent who has a qualifying serious health condition;
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job;
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

An eligible employee who is a covered servicemember's spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the servicemember with a serious injury or illness.

An employee does not need to use leave in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule.

Employees may choose, or an employer may require, use of accrued paid leave while taking FMLA leave. If an employee substitutes accrued paid leave for FMLA leave, the employee must comply with the employer's normal paid leave policies.

While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave.

Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months;
- Have at least 1,250 hours of service in the 12 months before taking leave;* and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

*Special "hours of service" requirements apply to airline flight crew employees.

BENEFITS & PROTECTIONS

ELIGIBILITY REQUIREMENTS

REQUESTING LEAVE

Generally, employees must give 30-days' advance notice of the need for FMLA leave. If it is not possible to give 30-days' notice, an employee must notify the employer as soon as possible and, generally, follow the employer's usual procedures.

Employees do not have to share a medical diagnosis, but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection. Sufficient information could include informing an employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

EMPLOYER RESPONSIBILITIES

Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify its employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

ENFORCEMENT

Employees may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

WH1420 REV 04/16

"PROFESSIONAL GROWTH"

Every six years, permanent certificated employees shall give evidence of professional growth. Six semester hours of college credit shall be accepted as evidence of professional growth.

The board of education believes the goal of professional self-improvement to be inherent in the responsibilities of each certificated district employee.

Other professional growth activities which may count toward the six-year requirement include non-credit courses, lecture series, workshops, conferences, study groups, local in-service courses, committee service, supervising a student teacher, serving with professional groups, travel of significant educational value, and membership in professional organizations. The employee must receive prior approval from the building principal for any of these activities to count toward professional growth.

No professional growth units will be awarded if the applicant has been paid for a non-college activity either by released time or by an additional amount paid by the school district.

One unit of professional growth credit will generally be equivalent to ten hours of personal time spent on an educational activity.

For example, the professional growth period for each permanent certificated staff member (tenured) begins on September 1, 1982 and ends on August 31, 1988. A new professional growth period begins September 1, 1988 and these growth periods continue for each successive 6 year period thereafter. The persons attaining permanent tenured status after September 1, 1982, their professional growth period will begin September 1 of the year in which such status was attained and each six year period thereafter.

Professional growth in the Sutton Public School system may be demonstrated in two ways.

I. College credit - The completion of six hours of college credit, graduate or undergraduate, shall be accepted as evidence of professional growth. Grade slips or transcript of credits earned shall be placed in the employees personal file as proof of credit.

II. The accumulation of 24 growth points acquired sometime during the six year period with points being earned according to the following scale:

A. Formal class work:

1. College or University credit

1 semester hour = 4 points

2. Technical Community College Credit

1 semester hour = 4 points

3. College credit earned in specialized areas i.e.,
Institute, Business School

1 semester = 4 points

4. Auditing a college class

1 semester = 4 points

B. Professional Meetings and Activities

1. Curriculum Conference & Conventions = 1 point per day

2. Workshops either school district designed or externally sponsored = 1 point per each half day

3. NSEA or NCSA sponsored conventions or activities and state academic association activities or

conventions which are instructional in nature = 1 point per day

4. Service on Nebraska Department of Education Advisory Committees, school or college accreditation teams, the Nebraska Council on Teacher's Education, the Professional Practices Commission or other professionally related commissions or committees. = 1 point per day.

5. Service on district curriculum committees or board or administration advisory committees. = 1 point per three hours of committee work

6. Demonstration teaching and/or presenting in-service programs to colleagues within or without the district. = 1 point per one half day of in-service presentation.

Appendix D-GRIEVANCE PROCEDURE

A. PURPOSE

The purpose of this grievance procedure is to secure, at the lowest possible level, a solution to problems which may from time to time arise concerning the interpretation, application or meaning of board policies or of any collective bargaining agreement entered into between the school district and an organization representing teachers in collective bargaining.

B. DEFINITIONS

1. Grievance: A claim that there has been a misapplication of the policies adopted by the board of education, or a violation of the collective bargaining agreement entered into between the school district and the organization representing the school district's teachers in collective bargaining.
2. Grievant: The teacher, group of teachers, or the Association making the claim in paragraph B-1.
3. Time Limits: Unless otherwise specified, all time limits herein shall consist of teacher working days except when a grievance is submitted after the end of the school year; the time limits shall then consist of all week days Monday through Friday. The number of days indicated at each level should be considered a maximum and every effort shall be made at all levels to expedite the process. Failure of the Board or its representatives to comply with the time limits at any level shall permit the grievant to appeal the grievance to the next level. Failure of any grievant to comply with the time limits at any level shall constitute a waiver of the right to appeal to the next level.

C. REPRESENTATION

A grievant shall have the right to have a representative present to represent the grievant at each step of the grievance procedure.

D. TERMS OF SETTLEMENT

The settlement shall not be inconsistent with terms of the negotiated agreement. Under this provision, the Board of Education recognizes the Association and its grievance representatives as parties in interest to any grievance proceedings as provided herein.

E. REPRISALS

No reprisals of any kind shall be taken against any employee who utilizes this grievance procedure.

F. GRIEVANCE PROCEDURE

The parties believe that it is usually most desirable for an employee and his/her most immediate superior to resolve problems through free and informal communications. When requested by the grievant, a representative of the Association may assist in this resolution. However if the grievance remains unresolved the grievance may be processed as follows:

D-1

1. Advanced Step Filing Procedures

A grievance shall be initially filed at the level where the decision resulting in the grievance was made.

2. Regular Form Filing Procedures

STEP 2. Except as otherwise provided (Advanced Step Filing), if the grievance is not resolved at Step 1, the grievant may refer the grievance, in writing (Form B), to the superintendent. This action must occur within six (6) working days of receipt of the answer in Step 1 or in the event no action is taken, six (6) days from the day the answer should have been received.

The superintendent will conduct an investigation concerning the grievance and render a decision within five (5) working days of the receipt of the appeal (Form C). Each party shall have the right to call such witnesses as deemed necessary to develop the facts pertinent to the grievance.

Step 3. Except as otherwise provided (Advanced Step Filing), if the grievance is not resolved at Step 2, the grievant may refer the grievance, in writing (Form C), to the president of the Board of Education. This action must occur within six (6) working days of receipt of the answer in Step 2 or in the event no action is taken, six (6) days from the day the answer should have been received. The president of the Board shall have ten (10) working days from the date the appeal was received to schedule a hearing on the grievance before the Board of Education. Each party shall have the right to call such witnesses as deemed necessary to develop the facts pertinent to the grievance. The Board will have five (5) working days from the date of the hearing to notify, in writing (Form D), the grievant of the Board's decision.

G. OTHER CONSIDERATIONS

1. Decisions rendered at Steps 1, 2, and 3 of the grievance procedure shall be in writing, setting forth the decision and the reasons therefore, and will be transmitted promptly to all parties in interest.

2. All meetings and hearings under this procedure shall be conducted in private and shall include only the administration representatives and the grievant and his/her representatives. All parties shall have the right to record, by written or electronic means, the proceedings of any hearing or meeting at all formal steps of the grievance procedure. Hearings before the Board of Education shall be open unless both parties agree to a closed meeting.

GENERAL STATEMENT OF POLICY

It is the policy of this District to maintain a learning environment that is free from harassment because of an individual's race, color, sex, national origin or disability. The School District prohibits any and all forms of harassment because of race, color, sex, national origin, and disability.

It shall be a violation of District policy for any student, teacher, administrator, or other school personnel of this District to harass a student through conduct of a sexual nature, or regarding race, color, national origin or disability, as defined by this policy.

It shall also be a violation of District policy for any teacher, administrator or other school personnel of this District to tolerate sexual harassment or harassment because of a student's race, color, national origin, ethnicity, or disability, as defined by this policy, by a student, teacher, administrator, other school personnel, or by any third parties who are participating in, observing, or otherwise engaged in activities, including sporting events and other extra curricular activities, under the auspices of the School District.

For purpose of this policy, the term "school personnel" includes school board members, school employees, agents, volunteers, contractors, or persons subject to the supervision and control of the District.

The school system will act to promptly investigate all complaints, either formal or informal, verbal or written, of harassment because of race, color, sex, national origin, or disability; to promptly take appropriate action to protect individuals from further harassment; and, if it determines that unlawful harassment occurred, to promptly and appropriately discipline any student, teacher, administrator or other school personnel who is found to have violated this policy, and/or to take other appropriate action reasonably calculated to end the harassment.

III. REPORTING PROCEDURES

Any student who believes he or she has been the victim of sexual harassment or harassment based on race, color, national origin, or disability by a student, teacher, administrator or other school personnel of the School District, or by any other person who is participating in, observing, or otherwise engaged in activities, including sporting events and other extra curricular activities, under the auspices of the School District, is encouraged to immediately report the alleged acts to an appropriate School District official designated by this policy.

Any teacher, administrator, or other school official who has or receives notice that a student has or may have been the victim of sexual harassment or harassment based on race, color, national origin, or disability by a student, teacher, administrator or other school personnel of the School District, or by any other person who is participating in, observing, or otherwise engaged in activities, including sporting events and other extracurricular activities, under the auspices of the School District, is required to immediately report the alleged acts to an appropriate School District official designated by this policy.

Any other person with knowledge or belief that a student has or may have been the victim of sexual harassment or harassment based on race, color, national origin, or disability as set forth above, is encouraged to immediately report the alleged acts to an appropriate School District official designated by this policy.

The School District encourages the reporting party or complainant to use the report form available from the principal of each building or available from the School District office, but oral reports shall be considered complaints as well. Use of formal reporting forms is not mandated. Nothing in this policy shall prevent any person from reporting harassment directly to a District Human Rights officer or to the superintendent.

A. In each school building, the building principal is the person responsible for receiving oral or written reports of sexual harassment, or harassment based on race, color, national origin, or disability at the building level. Any adult School District personnel who receive a report of sexual harassment, or harassment based on race, color, national origin, or disability shall inform the building principal immediately. Upon receipt of a report, the principal must notify the Superintendent of Schools immediately, without screening or investigating the report. The principal may request but may not insist upon a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the principal to the Superintendent. If the report was given verbally, the principal shall personally reduce it to written form within 24 hours and forward it to the Superintendent. Failure to forward any harassment report or complaint as provided herein will result in disciplinary action against the principal. If the complaint involves the building principal, the complaint shall be made or filed directly with the Superintendent by the reporting party or the complainant.

B. The School Board has designated the School Superintendent as the School District Human Rights Officer with responsibility to identify, prevent, and remedy harassment. The Superintendent shall

1. receive reports or complaints of sexual harassment, and harassment based on race, color, national origin, or disability;
2. oversee the investigative process;
3. be responsible for assessing the training needs of the District's staff and students in connection with the dissemination, comprehension, and compliance with this policy;
4. arrange for necessary training required for compliance with this policy; and
5. insure that any investigation is conducted by an impartial investigator who has been trained in the requirements of equal educational opportunity, including harassment, and who is able to apply

procedural and substantive standards which are necessary and applicable to identify unlawful harassment, recommend appropriate discipline and remedies when harassment is found, and take other appropriate action to rectify the damaging effects of any prohibited discrimination, including interim protection of the victim during the course of the investigation.

If any complaint involves a Superintendent, the complaint shall be filed with a principal who shall notify the president of the board of education.

The School District shall conspicuously post a summary of this policy against harassment and violence in each school that the District maintains, in a place accessible to students, faculty, administrators, employees, parents and members of the public. This notice shall include the name, mailing address and telephone number of the Superintendent.

C. A copy of this policy shall appear in the student handbook and shall be made available upon request of parents, students, and other interested parties.

D. The School Board will develop a method of discussing this policy with students and employees. Training on the requirements of non-discrimination and the appropriate responses to issues of harassment will be provided to all school personnel on an annual basis, and at such other times as the School Board in consultation with the Superintendent determines is necessary or appropriate.

E. The School District will respect the privacy of the complainant, the individuals against whom the complaint is filed, and the witnesses as much as possible, consistent with the District's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations.

IV. INVESTIGATION

Upon receipt of a report or complaint alleging sexual harassment, or harassment based upon race, national origin, or disability, the Superintendent shall immediately undertake or authorize an investigation. At the Superintendent's direction, that investigation may be conducted by the principal or other school district officials or by a third party designated by the Superintendent.

The investigation may consist of personal interviews with the complainant, the individual against whom the complaint is filed, and others who have knowledge of the alleged incident or circumstances giving rise to the complaint. The investigation may also consist of the evaluation of any other information or documents which may be relevant to the particular allegations.

In determining whether the alleged conduct constitutes a violation of this policy, the School District shall consider

1. the nature of the behavior;
2. how often the conduct occurred;
3. whether there were past incidents or past continuing patterns of behavior;
4. the relationship between the parties involved;
5. the race, national origin, sex and age of the victims
6. the identity of the perpetrator, including whether the perpetrator was in a position of power over the student allegedly subjected to harassment;
7. the number of alleged harassers;
8. the age of the alleged harasser;
9. where the harassment occurred;
10. whether there have been other incidents in the school involving the same or other students;

11. whether the conduct adversely affected the student's education or educational environment;
12. the context in which the alleged incidents occurred;
13. other information which is judged to be relevant.

Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

The investigation shall be completed as soon as practicable and ordinarily no later than fourteen days from receipt of the report. The principal or other person charged with making an investigation shall make a written report to the Superintendent upon completion of the investigation. If the complaint involves the Superintendent, the report may be filed directly with the School Board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy. The obligation to conduct this investigation shall not be extinguished by the fact that a criminal investigation involving the same or similar allegations is also pending or has been concluded.

V. SCHOOL DISTRICT ACTION

A. Upon receipt of a report that a violation has occurred, the School District will take prompt, appropriate formal or informal action to address, and where appropriate, remediate the violation. Appropriate actions may include but are not limited to counseling, awareness training, parent-teacher conferences, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. School District action taken for violation of this policy shall be consistent with the requirements of applicable collective bargaining agreements, state and federal law, and School District policies for violations of a similar nature or similar degree of severity. In determining an appropriate response to a finding that harassment in violation of this policy has occurred, the School District shall consider:

6. what response is most likely to end any ongoing harassment;
7. whether a particular response is likely to deter similar future conduct by the harasser or others;
8. the amount and kind of harm suffered by the victim of the harassment;
9. the identity of the party who engaged in the harassing conduct;
10. whether the harassment was engaged in by school personnel, and if so, the School District will also consider how it can best remediate the effects of the harassment;
11. Other factors which are judged to be relevant.

In the event that the evidence suggests that the harassment at issue is also a crime in violation of a Nebraska criminal statute, the Superintendent shall also report the results of the investigation to the appropriate law enforcement agency charged with responsibility for handling such crimes.

B. The results of the School District's investigation of each complaint filed under these procedures will be reported in writing to the complainant and other parties by the School District in accordance with state and federal laws regarding data or records privacy, and consistent with the privacy rights of the alleged harasser.

C. Copies of all complaints of harassment and the investigations conducted pursuant to them shall be maintained for the period of time established by the State Records Administrator, but in any event shall be maintained for a period of at least five years.

VI. REPRISAL

Submission of a good faith complaint or report of sexual harassment, or harassment based upon race, color, disability or national origin will not affect the complainant or reporter's future employment, grades, learning or working

environment or work assignments.

The School District will discipline or take appropriate action against any student, teacher, administrator or other school personnel who retaliates against any person who reports an incident of alleged sexual, racial, ethnic or disability related harassment or violence, or any person who testifies, assists or participates in a proceeding, investigation or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

Sick leave may only be used upon the occurrence of the following conditions:

1. The teacher is too ill to teach;
2. The teacher's **Immediate Family Member** is too ill to care for himself or herself and the teacher is needed to care for the **Immediate Family Member**;
3. The teacher is entitled to take leave under the federal Family and Medical Leave Act (FMLA) for FMLA-qualifying reasons and the teacher has not exhausted such FMLA leave, and further when this condition is satisfied the teacher *must* substitute all accrued paid leave, including without limitation any accrued sick leave, for FMLA leave (i.e., all accrued paid leave shall be used concurrently with the teacher's use of FMLA leave);
3. The teacher or teacher's **Immediate Family Member** needs to attend a medical, dental, or eye doctor appointment;

Dock day leave will be taken at a reduction of 1/185th of the teacher’s annual salary per dock day taken. This provision shall not apply, and the teacher is not allowed to take dock day leave, if the teacher is eligible for any other type of leave, including but not limited to leaves such as those provided in this agreement, the FMLA, and/or short-term or long-term disability. An individual's past employment by any school district solely as a substitute teacher, whether on a long-term basis or otherwise, shall not preclude such individual from qualifying as a "New Teacher" as defined above.

All New Teachers shall receive a one-time signing bonus in the amount of Two Thousand Five Hundred Dollars (\$2,500) (the "Signing Bonus") fully earned upon the New Teacher's completion of the first teacher in-service day for the first contract year and payable on August 15 of the first contract year, provided however that the New Teacher's right to the Signing Bonus is expressly conditioned on the Board of Education's approval of the New Teacher's first teaching contract with the District. Nothing herein shall be construed to grant to any individual who is employed or engaged by the District solely as a substitute teacher, whether on a long-term basis or otherwise, any right to the Signing Bonus. Notwithstanding the foregoing, nothing herein shall affect or reduce the other salary and benefits to which New Teachers are entitled as teachers hereunder.
